The fact remains, No high Rise can be allowed on the intersection of Hwy 100 and Bluemound Road. This whole back and forth could have been, should have been taken care of by our city leaders years ago. You are now in the hot seat to see that this new rezoning has some teeth. NO HIGH RISES. As a member of the neighborhood group totally against the prior plan this short notice stuff just keeps on happening. I'm not sure who/what is going on with our City Government but someone has to protect our properties. Multi millionaire business owners do not have the right to push you or I around and that's what is happening.

DO SOMETHING PLEASE.

Richard Parkhurst

I would live to attend the meeting but have a medical procedure scheduled. I've waited months.

The politions of Wauwatosa have no business gerrymandering our city. They refuse to listen to the people who live in a wonderful city that is becoming worse every day because of the city council doing whatever they want and never listening to the people that voted for them.

Subject: Fw: [External] Zoning Meeting

Hello Mr. Archambo and Mayor McBride

I received this and a couple other emails (which I will also forward) related to the PC meeting and the proposal for zoning changes to Mayfair Rd. I request that all these emails be sent to all the members of the Plan Commission for their consideration before tonight's meeting. Please CC me on the emails sent. Thanks

Regards

Joe

Subject: [External] Zoning Meeting

Good Morning Mr. Makhoul,

I hope you had a good weekend. As one of your constituents, you represent I plainly want to express that the "Mayfair Corridor Overlay" proposed C-2 zoning changes to require new buildings to be over two stories is not in line with how I want Tosa to develop. We were informed there will be a meeting tonight that I cannot make due to work and kids. However, at the meeting, please, on our behalf, express we do not agree or want any changes to current zoning that would allow large multi-story buildings for the sake of "progress/development "to enter our neighborhoods.

In short, we do not want or agree with the proposed zoning changes that could allow a change to the Tosa skyline and Mayfair road traffic and culture. Thank you for representing us.

Very Respectfully,
Steve Ellis
