

LITTLE GEESE SHOP

A community children's boutique, specializing in gently used, high quality clothing and gear.

We will also feature a selection of new items that align with our mission of community and sustainability, including our Mom Maker Collection, where we feature products made by local caregivers.

We also plan to sublease a portion of the space to an aesthetic boutique, provide a mother's room for community use (free of charge during operating hours), and a flexible space for small gatherings or pop up events.

Tentative Business hours: 8AM- 10PM daily.

No plan for additional employees at this time, though eventually will likely have between 2-5 part time.
