This is great. There have been occasions when we couldn't receive deliveries, and times we couldn't get out of our own driveway.

Glad it's happening.

-Gene

Hi Mr. May,

Thank you so much for your efforts in helping the residents on Michigan Street with the parking regulations. The 60 day trial period has been an absolute blessing for this neighborhood. By restricting parking to only one side of the street you have made our street much more safer and greatly reduced the risk of accidents. We all feel a great sense of relief knowing that if there were ever a fire or medical emergency on our street, that responders would be able to maneuver their vehicles down Michigan Street. I have spoken to several neighbors on Michigan Street and they have also expressed their complete happiness with the 60 day trial period and hope that the Transportation Affairs Committee will make the parking prohibitions permanent. Again, thank you for all of your efforts with this matter.

Mike Wollet

Subject: [External] Parking on Michigan St.

Dear Mr. May,

I recently received your letter regarding parking on Michigan St from 60th St. east to the city limit, and I wanted to say that I am so pleased that parking restrictions will be made permanent. It has been so much easier to drive down my street and get in and out of my driveway on game days since the restriction has been in place. In addition, I am glad to know that emergency vehicles will be able go down Michigan street in the event of an emergency on game days.

I feel that parking should also be restricted on 60th St from Bluemound to Wisconsin Avenue, as the same problems exist there.

Again, I thank you for taking up the request of Wauwatosa residents on Michigan St., regarding parking during stadium events.

Sincerely,

Jeffrey Ripple
