

Tosa Farmers Market

June 13, 2023

Our Mission

- The Tosa Farmers Market creates a sustainable community by providing access to Wisconsin farmers, food producers, makers, and educational opportunities in the heart of Tosa.

Our Board

- Volunteer board made up of 13 members of the community
- As a working board, we work through everything with the market including selecting vendors, marketing, fundraising, recruiting volunteers and more.

Our Market

- This is our 14th season!
- We are open from the first Saturday in June until the second Saturday in October from 8 a.m. until Noon in the Tosa Village in the Harts Mill Lot, which we lease from the City.
- In addition to our vendors, we also have live music every week, outdoor yoga sessions and more.

Our Vendors

- All of our vendors are based in Wisconsin and offer a combination of fresh produce, prepared foods, meat, dairy and ready to eat foods.
- We also host a Makers Market the first Saturday of each month, where we offer an array of goods such as pottery, jewelry, wooden crafts, art and more.

Benefits to the City

- **Sense of Community:** The market is a place where everyone in the City can come together and enjoy spending time together.
- **Shop Local:** All of our vendors are Wisconsin based, and it gives the community an opportunity to support local businesses.
- **Access to Fresh Foods:** The market provides an opportunity for access to real, fresh, local produce.

How can you help?

- Come by the market this summer and support us and our vendors!
- Sign up for a volunteer shift at the market.
- Put a yard sign in your yard (available to take home tonight!)
- Follow us on Facebook and Instagram (@TosaFarmersMarket)
