NOTES TO USERS

The information and questions about the Flood Insurance Rate Map (FIRM), available effective flood hazard information for your community, or the National Flood Insurance Program (NFIP) in general, please call the FEMA Mapping and Insurance Information Call Center at 1-877-FEMA-5848 (1-877-368-5848) or visit the FEMA Flood Map Service Center website at www.fema.gov. Available products may include printed or digital versions of this map. Maps of flood potential that are derived from this map are not for use in determining flood insurance premium rates. Flood insurance rates are determined by the Flood Insurance Study Report for this jurisdiction. For community and complete map data refer to the Flood Insurance Study Report for this jurisdiction. To determine flood insurance availability in this community, contact your insurance agent or call the National Flood Insurance Program at 1-800-638-6822. Sources: Information shown on this FIRM was provided in digital format by the United States Geological Survey (USGS). The base map is the 2008 National Map (Photographic) Land Information System (LIS). Note: Some Special Flood Hazard Areas with elevations may not appear with elevation labels if the Base Flood Elevation or Cross Section line which contributed the elevation for the location appears on the adjacent panel. Please use the Panel Locator Diagram on this map panel to determine the adjacent panel and for the elevation feature, or alternatively use the Flood Insurance Study report for detailed elevations by floodway.
