CITY OF WAUWATOSA

Finance Department 7725 W. North Avenue Wauwatosa, WI 53213

July 28, 2025

Citizens, Honorable Mayor and Common Council of the City of Wauwatosa:

Wisconsin Statutes and the Wisconsin Administrative Code require that cities with a population greater than 25,000 publish at the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to those requirements, the Annual Comprehensive Financial Report of the City of Wauwatosa for the fiscal year ended December 31, 2024 is hereby submitted.

This report was prepared by the City's Finance Department and contains representations concerning the finances of the City. Responsibility for the accuracy of the data presented, and the completeness and fairness of the presentation, including all disclosures, rests with the management of the City. To provide a reasonable basis for these representations, management has established and maintained an internal control structure designed to ensure that City assets are protected from loss, theft or misuse, and to ensure that adequate accounting data is compiled to allow the accurate preparation of financial statements in conformity with GAAP in the United States of America. The system of internal control has been designed to provide reasonable assurance that the financial statements will be free from material misstatement. The concept of reasonable assurance recognizes that the cost of internal controls should not exceed the benefit derived. To the best of our knowledge and belief, the presented data is complete and reliable in all material aspects and is reported in a manner that presents fairly the financial position and results of operations of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included in this report.

As indicated above, state law requires that the City's financial records be audited annually by independent certified public accountants. Based upon the recommendation of the Budget and Finance Committee and the approval of the Common Council, the City retained the services of CliftonLarsonAllen, LLP to perform its audit. CliftonLarsonAllen, LLP concluded based upon its audit procedures that the City's financial statements for the year ended December 31, 2024 are fairly presented in accordance with GAAP. The auditor's opinion is included as the first item in the financial section of this report.

The City maintains budgetary controls at the fund level and any budgetary change greater than \$25,000; or that which increases the total fund expenditures requires Common Council approval.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF THE CITY OF WAUWATOSA

The City of Wauwatosa is located in Milwaukee County, approximately five miles from downtown Milwaukee, in the southeast corner of Wisconsin. Incorporated in 1892, the City of Wauwatosa covers thirteen square miles and has a population of 48,604 (per state Department of Administration). Wauwatosa has high interstate visibility; is central to the Metro-Milwaukee region; is a destination retail and office development center; and has excellent access from major regional thoroughfares. Home to a talented and skilled workforce, Wauwatosa is pivotal to jobs and innovation in medical research, information technology, and advanced manufacturing.

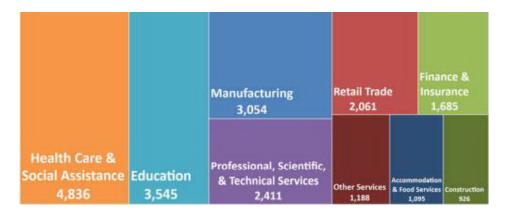

The City operates under the Council-Administrator form of government. The sixteen aldermen represent eight districts, serving four-year staggered terms, with one alderman per district elected every two years. The Mayor is elected to serve a four-year term while the City Administrator is appointed by the Common Council to manage the day-to-day operations of the City. Wauwatosa provides a full range of services typical of municipal governments, including police, fire and emergency medical protection; public works activities such as highway and street maintenance, engineering, refuse and recycling collection, water utility and sewer services; public health; public library; parks and recreation activities; community development activities including planning and zoning enforcement, economic development, housing, building inspection and code enforcement; and general and financial administration.

The City of Wauwatosa is second only to downtown Milwaukee as regional employment center in southeast Wisconsin with an estimated 55,455 people commuting here for work each day. Over 17,000 people are employed by the Milwaukee Regional Medical Campus, a level-one trauma center that is also home to the Medical College of Wisconsin. The City's equalized property valuation has increased from \$5.4 billion in 2013 to \$9.6 billion in 2023 and commercial property makes up 41% of the tax base. The City is also home to the largest regional shopping center in Wisconsin, Mayfair Mall, which includes destination stores such as Nordstrom's, Crate and Barrel, the Container Store and the Apple Store.

The City maintains a charming downtown area and several neighborhood commercial districts with thriving restaurants and boutique stores. There are 9 hotels in the City that provide over 1200 rooms to host tourists to the City and to regional events and conventions, visits to the medical complex and business travelers. The room tax revenue from these hotels helps support general fund services and provide a dedicated funding stream for the Tourism Commission. Although completely land-locked, the City continues to experience a high-level of redevelopment. City of Wauwatosa residents tend to stay here with nearly 50% moving in more than 10 years ago. The City has an established and diverse housing stock with 32% built prior to 1940. Residents work in many industries as shown below¹.

-

¹ Source: U.S. Census Bureau 2019 American community 5-Year Estimate

The unemployment rate for the City of Wauwatosa was 2.6% for 2023. This compares favorably to the state's average of 3.0% and Milwaukee County's average rate of 3.8% and is slightly up from 2.4% in 2022. Personal income per tax return was \$98,829 in 2022 compared to \$70,548 for the State of Wisconsin.

The annual budget process serves as the City's basis for financial planning and control. Departmental budgets are prepared on an annual basis by department heads and are submitted for examination in August of each year. The initial review of these budgets is conducted by the Mayor, City Administrator, and the Finance Department. After review of the department requests, the Mayor submits his recommendations to the Financial Affairs Committee for its review and approval. Public meetings are held starting in October by the Financial Affairs Committee whereby the budget is submitted to the Common Council for final approval. A public hearing on the proposed budget is held prior to approval by the Common Council, which usually occurs on the third Tuesday in November. Budget to actual comparisons are provided in this report for each individual governmental fund for which an annual budget has been adopted.

ACKNOWLEDGEMENTS

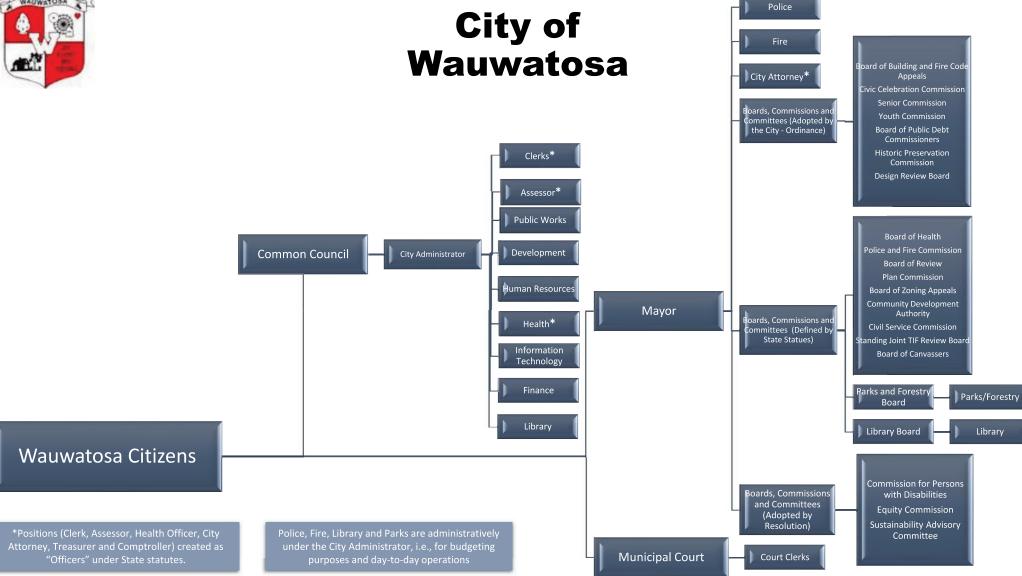

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Wauwatosa for its comprehensive annual financial report for the fiscal year ended December 31, 2023. This was the tenth consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

The preparation of this report was made possible by the efficient and dedicated services of the entire staff of the Finance Department along with the advice of the independent auditors, CliftonLarsonAllen, LLP. We would also like to thank the Common Council for their continued interest and support of the financial operations of the City.

Respectfully submitted,

John Ruggini Director of Finance

INDEPENDENT AUDITORS' REPORT

Common Council City of Wauwatosa, Wisconsin Milwaukee County, Wisconsin

Report on the Audit of the Financial Statements *Opinions*

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Wauwatosa, Wisconsin, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City of Wauwatosa, Wisconsin's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Wauwatosa, Wisconsin, as of December 31, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof and the budgetary comparisons for the General Fund, Special Revenue Fund Tax Incremental District Fund, and American Rescue Plan ACT (ARPA) Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Wauwatosa, Wisconsin and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis-of-Matter – Implementation of New Standard

As discussed in Note 1 to the financial statements, effective January 1, 2024, the City adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences*. The City adopted the requirements of the guidance effective January 1, 2024 and has applied the provisions of this standard to the beginning of the period of adoption. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Wauwatosa, Wisconsin's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of City of Wauwatosa, Wisconsin's internal control. Accordingly, no
 such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about City of Wauwatosa, Wisconsin's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the Schedule of Changes in the City's Total Other Postemployment Benefits Liability and Related Ratios, Schedule of the City's Proportionate Share of the Net Pension Liability (Asset), and the Schedule of the City's Pension Contributions, as referenced in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Wauwatosa, Wisconsin's basic financial statements. The combining and individual fund financial statements and schedules listed as other supplementary information in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund financial statements and schedules listed as other supplementary information in the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 28, 2025, on our consideration of the City of Wauwatosa, Wisconsin's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Wauwatosa, Wisconsin's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Wauwatosa, Wisconsin's internal control over financial reporting and compliance.

CliftonLarsonAllen LLP

Clifton Larson Allen LLP

Milwaukee, Wisconsin July 28, 2025

Management Discussion and Analysis

This section of the City of Wauwatosa's (the City) comprehensive annual financial report provides the reader with management's narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2024. This discussion and analysis is designed to (1) assist the reader in focusing on significant financial issues, (2) provide an overview of the City's financial activity, (3) identify changes in the City's financial position, and (4) identify any changes in the City's financial plan (approved budget). The financial discussion and analysis presented in the section is intended to be used in conjunction with the accompanying financial statements. Additional information is provided in the transmittal letter, which can be found on pages 1-2 of this report.

Financial Highlights

- The assets and deferred outflows of resources of the City of Wauwatosa exceeded its liabilities and deferred inflows of resources by \$258,523,818 (net position) as of December 31, 2024.
- ◆ As of December 31, 2024, the City of Wauwatosa's governmental funds reported combined ending fund balances of \$62,387,714. Of this balance, \$23,263,105 is available for spending at the government's discretion (unassigned fund balance)
- ♦ At the end of the current fiscal year, \$23,263,105 of unassigned fund balance for the general fund is equal to 32% of general fund expenditures and transfers out.
- ◆ The City's net Other Postemployment Benefit (OPEB) liability increased by \$2,743,130 to \$39,361,560 as of December 31, 2024.
- ◆ Total governmental activities long term liabilities decreased \$5,386,988 to \$172,284,765 due largely to a \$11.7 million decrease in the Net Pension Liability. A \$4.4 million decrease in General Obligation Debt was largely offset by a \$2.7 million increase in the OPEB liability. There is also accumulated sick leave totaling \$8.3 million now reported due to implementation of GASB 101, Compensated Absences.
- ♦ Business-type long term liabilities increased \$6,626,897 to \$61,978,228 due almost entirely to increases in General Obligation Debt for infrastructure improvements.
- ♦ The City maintained an Aaa rating from Moody's.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City of Wauwatosa's basic financial statements. The City of Wauwatosa's basic financial statements comprise three components:

1) government-wide financial statements, 2) fund financial statements, 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements.

The government-wide financial statements are designed to provide readers with a broad overview of the City of Wauwatosa's finances, in a manner similar to a private sector business.

The Statement of Net Position presents information on all of the City of Wauwatosa's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Wauwatosa is improving or deteriorating.

The *Statement of Activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave.)

Both of the government—wide financial statements distinguish functions of the City of Wauwatosa that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Wauwatosa include general government, public safety, public works, health and human services, recreation and education, conservation and development, culture, and interest and fiscal charges. The business-type activities of the City of Wauwatosa include the Water Utility, Sanitary Sewer Reserve and Storm Water Management.

The government-wide financial statements include the activities of the City of Wauwatosa itself (known as the *primary government*). The Government-wide financial statements can be found on pages 1-2.

Fund Financial Statements.

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Wauwatosa, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Wauwatosa can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of

revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City of Wauwatosa maintains seventeen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Debt Service Fund, Capital Projects General Obligation Debt Issue Fund, the Tax Incremental Fund and the American Rescue Plan Act (ARPA) Fund, which are considered to be major funds. Data from the other twelve funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City has also presented budgetary comparison information for the General Fund and major Special Revenue Funds in the basic financial statements.

The basic governmental fund financial statements can be found on pages 3-8.

Proprietary funds.

The City of Wauwatosa maintains eleven proprietary funds. *Enterprise funds* are used to report the same function presented as *business-type activities* in the government-wide financial statements. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City of Wauwatosa's various functions. The City of Wauwatosa uses enterprise funds to account for its Water Utility, Storm Water Management and Sanitary Sewer Funds. The City of Wauwatosa uses internal service funds to account for its fleet of vehicles, rental of space in the Municipal Complex, information systems, rental of occupied space in the public works garage, and four self-insured insurance programs (health, dental, general liability, workers compensation). In the government-wide financial statements, these services have been allocated between the *governmental activities* and *business-type activities* based on cost drivers associated with the services provided.

The basic proprietary fund financial statements can be found on pages 9-13.

Fiduciary Funds.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City of Wauwatosa's programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 14-15.

Notes to the financial statements.

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 31-83.

Other information.

In addition to the basic financial statements and accompanying notes, this report also presents certain additional supplementary information. The combining statements referred to earlier in connection with non-major governmental funds and internal service funds are presented immediately following the notes to the financial statements. A detailed budgetary comparison schedule for the General Fund is presented to demonstrate compliance with the budget. The City has also presented cumulative

information related to its Tax Increment Districts and included a statistical section with 10 years of comparative financial, demographic and operational data.

The supplementary information can be found on pages 73-104. The statistical section can be found on pages 105-125.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Wauwatosa assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$258,523,818 at the close of 2024 as shown below in Figure 1.

The largest portion of the City of Wauwatosa's net position reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment, less any related debt used to acquire those assets that is still outstanding). Although the City of Wauwatosa's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since most of the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City of Wauwatosa's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position may be used to meet the city's ongoing obligations to citizens and creditors.

Change in Net Position

Net position of the City of Wauwatosa increased by \$27,110,753 (11.7%) in 2024 with increases in the Governmental-Type Activities and the Business-Type Activities. Net position of the City's governmental activities totaled \$84,000,313 as of December 31, 2024, an increase of \$10,382,121 (14.1%). The City's unrestricted net position for governmental activities is negative due development incentives associated with Tax Increment Districts that result in a liability without an associated asset. As the debt is repaid and when the TIF closes, this negative amount will be reduced. The net position

of business-type activities totaled \$174,523,505, an increase of \$16,728,632 (10.6%). Following is a summary of the changes in net position for the City of Wauwatosa.

Governmental Activities

Governmental activities for 2024 increased the City's net position by \$17,799,919 as detailed below.

• Revenues increased by \$10.9 million over the prior year:

- The \$1,192,738 increase in Charges for Services was driven largely by a pick-up in building construction due to several large construction projects and associated permit revenue as well as improved parking citation collections due to filled vacancies and operational changes.
- The \$1,287,247 increase in operating grants was almost entirely due to an increase in state shared revenue due to legislative changes associated with the state budget.
- The capital grants increase of \$4.6 million can be attributed to American Rescue Plan
 Act spending on capital in 2024 as compared to 2023.
- Property taxes grew 3.3% due to a 2.6% increase in the property tax levy and 8.0% in Tax Increment District revenue. Tax Increment District revenue grew as District 6 Innovation Campus value grew by 16% due to the build-out of a commercial building. Property Tax increment in District 8 East State Street grew 13.7% with the completion of a 50-unit apartment and townhome affordable housing development. In addition, District 12 Mayfair Hotel revenue grew \$177,951 due to property appreciation.
- Other taxes grew by 6.0% to \$2,631,586 driven largely by a \$297,546 increase in special assessments due to an increase in projects.
- The \$1.0 million increase in investments was driven by increases in the average cash balance as well as a 17.0% increase in the managed portfolio rate of return from 2.84% to 3.32% and a 4.1% increase in the liquid portfolio from 5.02% to 5.22%.

• Expenses increased by \$1.0 million over the prior year:

- General government spending increased by 11.0% partially due to a \$238,003 increase in wages. \$75,354 of this increase was in poll-worker pay due to the presidential election.
- Public Safety expenses decreased \$2.9 million largely a result of a decrease in pension expense. This was offset by a \$691,220 increase in wages due mostly to cost of living and union contract increases.
- The \$416,628 decrease in Public Works was driven by a \$156,390 decrease in roadway maintenance as the annual crack-filling contract was not awarded. In addition, net recycling processing costs decreased 18% due to increases in the amount earned for the sale of materials in the second half of the year.
- Health and Human services costs increased 11.6% due to an increase in wages resulting from filling Public Health Specialist and Environmental Health Specialist vacancies as well as a \$136,686 increase in program expenditures for American Rescue Plan projects.
- Conservation and Development costs increased 27.0% due to an increase in economic incentives related to a new municipal revenue obligation issuance of \$2,269,064.
- A \$213,946 increase in marketing services contributed to the 25.1% increase in Culture spending.
- A \$160,333 increase in debt service interest resulted in a 5.3% increase in Interest and Fiscal Charges. This was driven higher interest rates on recently borrowed funds.

In addition, a \$1.1 million increase in expenses related to compensated absences was offset by a \$1.5 million decrease in expenses related to pension activity.

Business Activities

Business activities for 2024 increased the City's net position by \$16,847,508 as detailed below. Some of the significant changes in revenues and expenses as shown in Figure 3 that contributed to that change were as follows:

Revenues

- Charges for services increased 4.6% largely due to 2024 being the first full year following a conventional rate increase of nearly 30% for the water utility.
- ♦ Capital Grants and contributions increased \$4.6 million largely due to a one-time revenue of contributed capital from the American Rescue Plan funds for the reconstruction of the Potter

- Road Water Main and the extension of water main to Elm Grove funded by a private development.
- ♦ Investment income increased 11.2% due to increasing short-term interest rates which increased earnings on the City's investment portfolio as described above.

Expenses

♦ Sanitary expenses increased 10.2% due largely to increased wastewater treatment service charges from the Milwaukee Metropolitan Sewerage District.

Fund Financial Analysis

As noted earlier, the City of Wauwatosa uses fund accounting to ensure and demonstrate compliance with finance-related laws and regulations. Fund financial reporting focuses on short-term spendable resources and balances of spendable resources available at year-end.

Governmental Funds

As of December 31, 2024, the City of Wauwatosa's governmental funds reported combined ending balances of \$62,387,714, an increase of \$1,996,234 from the prior year. This increase is due to several factors described below and presented in Figure 4.

- ◆ The General Fund balance increased \$3,210,561 to \$26,551,590 as revenue growth of 3.9% exceeded 1.0% expenditure increases. Year over year revenue increases were driven largely by a \$1.3 million increase in property taxes, due to a 2.5% levy increase and a \$778,655 increase in State Shared Revenue resulting from the dedication of \$0.01 of the state sales tax to local governments. A \$704,606 increase in investment earnings, a 15% year over year change, due largely to rising interest rates also contributed to the revenue surplus. A 4.0% increase in wages was almost entirely offset by savings in multiple other areas.
- ♦ The \$1.1 million increase in the Tax Increment District fund was driven by a \$741,169 increase in property tax increment due to a 15% rise in equalized value within the Tax Increment Districts as well as a 38% year over year increase in interest earnings.
- ◆ The \$2,329,959 decrease in the Capital Projects fund was largely the result of using \$896,295 in prior year bond proceeds which were in restricted fund balance for projects that spanned multiple years. In addition, \$401,246 less special assessment revenue was received than budgeted.
- ◆ The Parks Reserve fund balance increased \$443,523 largely due to lower than budgeted compensation costs due to a combination of vacancies and less time being charged to the Parks than budgeted. This resulted in \$258,679 in savings. Fund balance was budgeted to increase \$105,000 to build surplus for the future replacement of the stadium track and turf. Lastly, rental revenue exceeded budget by \$72,863 as closure of the Muellner building for remodeling had less of an impact on revenue than expected.
- ♦ The Community Development Fund decreased \$133,758 due spending down bond proceeds from fund balance for the costs of maintaining the vacant Boston Store as negotiations continue to transfer ownership.
- ◆ The Tourism Commission balance decreased \$664,284 due to the planned us of \$623,287 of the capital reserve for the Muellner Building remodel and the construction of the Firefly Grove park.
- ♦ Information Systems Equipment fund increased by \$245,225 as there were no planned expenditures.
- ◆ The Fleet Equipment reserve increased \$93,303. It was budgeted to surplus by \$288,391 to build up cash reserves for future purchases; however, the main reason this level was not realized was that the deprecation transfer was \$149,992 less than budget.

Proprietary Funds

Revenue and Expense highlights related to Water, Sanitary, and Storm water funds are discussed above. Internal Service Funds showed a decrease in net position of \$1,695,279. The following funds contributed to his change:

- Fleet Maintenance increased its net position by \$790,055 due to a \$143,919 in operating income and capital contributions from the Fleet Equipment Reserve exceeding the depreciation transfer to that fund by \$667136
- The Public Works Building Reserve net position decreased \$91,856 due to the \$108,512 depreciation transfer to the capital reserve.
- The General Liability Fund had a \$1,139,727 increase in net position based on annual contributions related to the Common Council's fund balance policy requirements for this fund based on litigation and settlement risk.
- Workers Compensation net position increased \$460,268 as claims decreased 59% year over year and were \$373,071 below budget. This was due mainly to prior year claims being less expensive than previously estimated.
- The Employee Health Insurance Fund decreased its net position by \$609,538 due to the \$1,651,762 OPEB expense (which is not budgeted) exceeding claims savings of \$691,044
- Information Systems net position increased \$126,648. This was mostly due to vacancy savings and deferred equipment replacement that was budgeted for in 2024 but will occur in 2025.
- Municipal Complex net position decreased by \$130,255 as \$250,000 of fund balance was transferred to the Capital Projects Fund for the Municipal Complex and Library Renovation project. This was offset by rate revenue generated to fund a \$180,000 surplus for future capital projects.

General Fund Budgetary Highlights

Differences between actual revenues and expenses and the final amended budget resulted in a negative revenue variance of \$1,007,165 (1.3% of the final budget) and a positive expenditure variance of \$2,854,093 (4.7% of the final budget). Other Financing Sources had a \$229,339 variance from budget. The following explains these variances:

Revenues

- ◆ Intergovernmental revenues fell short of budget by \$604,583 due to unrealized grant revenue of \$824,109 from the State Departments of Health Services and Administration (will be realized in 2025) which was offset by \$221,274 of reimbursement revenue from the Federal Drug Enforcement Agency related to police support during the Republican National Convention that was not budgeted.
- ♦ Licenses and Permits posted a \$325,637 surplus. This was nearly entirely due to building permits exceeding the budget. 2024 construction value, which drives building permit revenue grew 88% over 2023 and ended 21% over average.
- Public Charges for Services ended \$158,595 under budget as Ambulance Fees fell \$146,203 short. This was due to an assumed increase in Medicare reimbursement that is dependent on federal approval of a state law change. That approval did not occur until December.
- ♦ Commercial Revenues were \$616,962 short of budget due to mark-to-market gains being short of estimates.

Expenditures

- General Government expenditures posted a \$528,348 surplus due largely to wage savings attributed to vacancies in multiple departments.
- ♦ Public Safety had a \$573,398 budgetary savings due to ongoing vacancies in the police department caused by recruitment challenges.
- ♦ Health and Human Services had a positive budget to actual variance of \$593,800 due to expenditures budgeted for multi-year reimbursable grants that have not been spent. This was offset by a revenue shortfall described above.
- ◆ The \$152,105 budget shortfall in capital outlay is due to a capital outlay purchase budgeted as a Health and Human Services operating expense but accounted for as capital outlay.

Other Financing Sources

Transfers In and Out included a \$3.0 million budget only expense and revenue used for the State of Wisconsin Expenditure Restraint program. The remainder of budget variance for Transfers Out was mainly due to a \$420,584 reduction in the transfer to the Debt Service Fund due to the availability bond premium for debt service interest payments. The remainder of the budget variance for Transfers In was largely due to a budget-only revenue of \$1,095,234 for the Appropriated Surplus Applied.

Capital Assets and Debt Administration

Capital Assets

The City of Wauwatosa investments in capital assets for its governmental and business-type activities as of December 31, 2024 increased \$22.7 million to \$345,386,075 net of accumulated depreciation. This investment in capital assets includes land, buildings, sewer and water main improvements, machinery and equipment, parks facilities, roads, and bridges. The increase in the City of Wauwatosa's investment in capital assets for the current fiscal year was 6.6% for governmental and 7.4% for business-type functions. The increase for business type functions reflects the continuation of the City's enhanced capital improvement plan to replace infrastructure (largely roads, bridges and sewer mains) that are past-their useful life or of insufficient capacity.

Major capital assets improvements during 2024 included the following:

- ♦ 2,665 linear feet of reconstructed and resurfaced streets.
- ◆ 5,146 linear feet of replaced or relined storm sewer mains
- ◆ 1,966 linear feet of replaced or relined sanitary sewer mains
- ♦ 7,7252 linear feet of replaced water mains
- ◆ 1,760,747 in governmental and \$49,380 in business-type activates updates to buildings and improvements including Muellner building remodel and solar array installation, construction of the Firefly Grover Park, air handler upgrades at the Police Station Library and City Hall restroom renovations, City Hall Fitness Center upgrades, Hart Park Locker
- ♦ \$3,324,809 in governmental and \$1,725,435 in business-type machinery and equipment updates including 8 police vehicles, a Fire Ladder Truck, 8 public works vehicles and 2 attachments, a lift, high-speed ballot counter, a library automated materials handler and a solar array for the Potter Water Pumping Station.

Additional information on the City of Wauwatosa's capital assets can be found on pages 41-42.

Debt Administration

At the end of the current fiscal year, the City of Wauwatosa had total net general bonded debt outstanding of \$134,839,492 which equaled 1.31% of equalized value. This includes all General Obligation Debt, Bond Premium, Municipal Revenue Obligations and is net of net position restricted for debt service. Please see the statistical section for annual comparisons. During 2024, the City of Wauwatosa issued \$18,105,000in General Obligation bonds for street, sewer and water main improvements. The City maintains an "Aaa" rating from Moody's for its general obligation debt.

State Statutes limit the amount of general obligation debt a government entity may issue to 5% of its total equalized valuation. The current debt limitation for the City of Wauwatosa is \$514,238,735 of which the City has utilized 26% for its current outstanding general obligation debt.

The remainder of the City of Wauwatosa's debt represents bonds secured solely by specific revenue sources. The Wauwatosa Water Utility has outstanding debt of \$28,215,000 of which \$7,795,000 are revenue bonds. The Water Utility maintains an Aa2 rating from Moody's.

Additional information on the City of Wauwatosa's long-term debt can be found in note 4.G on pages 45-51 of this report.

Economic Factors and Next Year's Budget and Rates

The City of Wauwatosa is an inner ring suburban community located in Milwaukee County. Wauwatosa is strategically located at the center of the Milwaukee metropolitan area with excellent transportation access. It is the home of a number of regionally significant institutions and companies – including the Milwaukee County Grounds, the County Medical Center, Research Park and Harley-Davidson – and is second only to downtown Milwaukee as a regional employment center. The City of Wauwatosa features walkable and bike-friendly neighborhoods, an excellent variety of housing stock, a thriving Village business district, and a key regional shopping center; the City is noted for its level of municipal services, excellent schools, the civic engagement of its citizens, and its high quality of life.

Other key economic factors include:

- ♦ The City's equalized property valuation (including tax increment district value) has increased 86% since 2015 to \$10.3 billion in 2024.
- ♦ The unemployment rate for the City of Wauwatosa increased from 2.5% in 2023 to 2.7% annually for 2024. This compares favorably to the state's average of 3.0% and Milwaukee County's average rate of 3.7% during that same time period.
- ♦ The City maintains an Aaa bond rating from Moody's Investors Service, based in part on the relatively strong economic climate of the City.

The City adopts operating budgets for its governmental funds (General, Special Revenue, Debt Service, Capital Projects) and enterprise funds (Water and Sewer Utilities). The 2025 fiscal year operating budget for the General Fund includes \$79.7 million in projected revenues and expenditures. The budget includes the use of approximately \$260,000 of fund balance.

Funding for the operating budget of the City is provided from many sources, including property taxes, room taxes, grants and aids from the State and County, user fees, permits and licenses, fines, and other miscellaneous revenues. Several revenue sources are more sensitive to economic factors, in particular building permits, room taxes and investment earnings.

Revenues in the 2025 Budget increase 3.6% over 2024. This is largely driven by a 1.2% increase in the property tax levy an additional \$1.2 million received in state revenue to offset the elimination of personal property taxes. A new \$10 vehicle registration fee is also implemented with an estimated \$395,985 in additional revenue. This is offset by an assumed reduction in interest earnings of \$601,076 due to lower cash balances as American Rescue Plan funds are spent down. The 2025 Budget continues to assume a higher level of Medicaid and Medicare as enabling authority was approved at the Federal government level in December 2024.

These revenue increases help cover additional operating expenses. These include a 2.8% increase in regular pay which includes a 3.0% cost of living adjustment for non-represented employees and several departmental staffing changes. Full-time equivalent positions decreased 7.41 to 489.21 in the 2025 budget. Of this total, 6.0 FTE were providing an additional reimbursed police post at the Froedtert Hospital Emergency Room at the Regional Medical Campus but the start of this contract was delayed.

Property tax limitations put in place by the State of Wisconsin and flat or declining state and federal revenues (outside of one-time stimulus and pandemic funds) will continue to put pressure on the City's operating budget. These pressures will cause the City to continue to pursue tax base expansion, expenditure efficiencies and new revenue sources.

Revenue from water charges are budgeted to decrease due to reduced water consumption estimates over the 2024 budget due to loss of commercial customers. This loss of revenue is offset by a reduction of Wholesale water costs by 5%. The 2025 Budget assumes a 4.0% simplified rate increase implemented by July 1, 2025. This is offset by the reduced water consumption and results in a 1.55% increase in total public charge revenue from \$12,150,200 to \$12,338,500.

Sanitary public charge revenue is budgeted to increase 9.6% from \$10,251,220 to \$11,231,100. This is the result of an expected increase in residential winter quarter and residential multi-family sewer usage as well as an assumed Milwaukee Metropolitan Sewer District rate increase that is passed on to the rate payer. The budget includes a 0% increase in the local sanitary flow charge which would remain at 3.3115 per CCF for the first 50 CCF utilized based on the winter quarter average.

Storm Sewer public charge revenue increases as additional impervious surface has been added to the City resulting in Equivalent Residential Unit revenue increasing by 2.7% from \$5,820,341 to \$5,976,116. The budget includes a 0% increase in the storm sewer rate which would remain at 32.63 per ERU.

CITY OF WAUWATOSA, WISCONSIN RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED DECEMBER 31, 2024

Net Change in Fund Balances - Total Governmental Funds	\$ 1,996,234
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of net position, the cost of these assets are capitalized and they are depreciated over their useful lives and reported estimated useful lives and reported as depreciation expense in the statement of activities.	
Capital outlay is reported as capital outlay expenditure in the fund financial statements, but is capitalized in the government-wide financial statements.	22,527,520
Some items reported as capital outlay were not capitalized.	(2,480,526)
Capital assets purchased in the current year by the governmental funds on behalf of the internal service funds are reported as capital outlay on the fund financial statements and capital contributions on the internal service fund statements, but are eliminated on the government-wide statements	(1,638,958)
Capital assets previously purchased by the governmental funds and contributed to the enterprise funds are recognized as capital contributions on the enterprise fund statements	(2,599,197)
Depreciation is reported in the government-wide financial statements	(6,857,131)
Debt proceeds and subscription proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt and subscription principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the amount by which proceeds (\$7,837,774) were less than the repayments of debt (\$12,666,875) and subscriptions (\$265,433).	5,094,534
Governmental funds report debt premiums, discounts, as other financing sources (uses) or expenditures. However, in the statement of net position, these are deferred and reported as other assets or adjustments to long-term debt. They are amortized over the period the debt is outstanding in the statement of activities and are reported as interest expense.	
Premium on debt issued Amortization of debt premium, discount and deferred amount on refunding	(220,884) 243,359
Revenues in the statement of activities are recognized when earned, whereas revenues that do not provide current financial resources are not reported as revenues in the funds.	(38,940)
Some expenses in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds. This amount represents the increase in accrued interest payable \$780, the increase in compensated absences \$1,134,022, and the increase in expenses related to pension activity (\$1,488,828).	354,026
Some expenses in the governmental funds are recorded as a reduction in long-term liabilities in the statement of net position. This amount represents payments on landfill closure obligation.	9,943
The net revenue (expense) of internal service funds is reported with governmental activities.	1,409,939

Change in Net Position of Governmental Activities

\$ 17,799,919

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the City of Wauwatosa, Wisconsin (the City) conform to generally accepted accounting principles as applicable to governmental units.

A. Reporting Entity

This report includes all of the funds of the City of Wauwatosa, Wisconsin. The reporting entity for the City consists of a) the primary government, b) organizations for which the primary government is financially accountable, and c) other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading or incomplete. A legally separate organization should be reported as a component unit if the elected officials of the primary government are financially accountable to the organization. The primary government is financially accountable if it appoints a voting majority of the organization's governing body and 1) it is able to impose its will on that organization or 2) there is a potential for the organization to provide specific financial benefits to or burdens on the primary government. The primary government may be financially accountable if an organization is fiscally dependent on the primary government. A legally separate, tax-exempt organization should be reported as a component unit of a reporting entity if all of the following criteria are met: 1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents; 2) the primary government is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization; 3) the economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government. Blended component units, although legally separate entities, are, in substance, part of the government's operations and are reported with similar funds of the primary government. The Community Development Authority (the Authority) is reported as a blended component unit. The Authority serves the City and is governed by a seven-member board appointed by the Mayor and approved by the Common Council, and provides services entirely to the primary government by redeveloping blighted private properties and underutilized public properties, approving the creation of Tax Increment Districts, overseeing distribution of City funds to support small businesses and serves as the City's Housing Authority for the benefit of the City. The Authority does not issue separate financial statements.

B. Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-Wide and Fund Financial Statements (Continued)

Government-Wide Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The City does not allocate indirect expenses to functions in the statement of activities. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenues.

Fund Financial Statements

Financial statements of the reporting entity are organized into funds, each of which are considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, deferred outflows, liabilities, deferred inflows, net position/fund balance, revenues, and expenditure/expenses.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. An emphasis is placed on major and nonmajor funds within the governmental and enterprise categories. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a. Total assets and deferred outflows, liabilities and deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type (that is; total governmental funds or total enterprise funds), and
- b. The same element of the individual governmental fund or enterprise fund that met the 10% test is at least 5% of the corresponding total for all governmental and enterprise funds combined.
- c. In addition, any other governmental or enterprise fund that the City believes is particularly important to financial statement users may be reported as a major fund.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-Wide and Fund Financial Statements (Continued)

Fund Financial Statements (Continued)

The City reports the following major governmental funds:

General Fund

The General Fund accounts for the City's primary operating activities. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Fund Tax Incremental District Fund

The Special Revenue Fund Tax Incremental District Fund accounts for the City's ten Tax Incremental Districts.

Special Revenue Fund American Rescue Plan Act Fund

The Special Revenue Fund American Rescue Plan Act Fund accounts for the City's administration of American Rescue Plan Act awards.

Debt Service Fund

The Debt Service Fund used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Capital Projects Fund General Obligation Debt Issue Fund

The Capital Projects Fund General Obligation Debt Issue Fund accounts for proceeds from long-term borrowing and other resources to be used for capital improvement projects.

The City reports the following major enterprise funds:

Water Utility Fund

The Water Utility Fund accounts for operations of the water system.

Sanitary Sewer Fund

The Sanitary Sewer Fund accounts for operations of the sewer system.

Storm Water Management Fund

The Storm Water Management Fund accounts for operations of the storm water management system.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-Wide and Fund Financial Statements (Continued)

Fund Financial Statements (Continued)

The City reports the following nonmajor governmental:

Special Revenue Fund

The Special Revenue Fund is used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes.

- Special Assessments
- Community Development Block Grant
- Revolving Fund for Designated Revenues
- Public Library
- Parks
- Redevelopment Reserve Fund
- Community Development Fund
- Hospital Policing Fund
- Tourism Commission Fund

Capital Projects Fund

Capital Projects Fund is used to account for resources to be used for capital improvement projects.

- Fleet Equipment
- Information Systems Equipment
- Public Works Building Improvement Reserve Fund

In addition, the City reports the following fund types:

Internal Service Funds

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governmental units, on a cost-reimbursement basis. Funds included are Fleet Maintenance, Public Works Building, General Liability, Workers Compensation Insurance, Employee Dental Insurance, Employee Health Insurance, Information Systems, and Municipal Building Complex.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-Wide and Fund Financial Statements (Continued)

Fund Financial Statements (Continued)

Private-Purpose Trust Funds

Private-purpose trust funds are used to report any trust arrangement not properly reported in a pension trust fund under which principal and income benefit individuals, private organizations, or other governments. Funds included are the *Firemen's Special Endowment, Bachman Flag Account, Land Conservation Account, Hart Park Senior Center, Automated License Plate Reader Association Fund, Cemetery Perpetual Care Fund, and Library Trust.*

Custodial Funds

Custodial funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, and/or other governmental units. The *Subsequent Year's Tax Roll Collections* is reported as a custodial fund.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements

The government-wide statement of net position and statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, deferred outflows, liabilities, and deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Taxes receivable for the following year are recorded as receivables and deferred inflows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Special assessments are recorded as revenue when earned. Unbilled receivables are recorded as revenues when services are provided.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water, sewer, and storm water utilities and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The City considers grant revenues to be available if they are collected within 120 days of the end of the current fiscal period. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt, claims, judgments, compensated absences, other postemployment benefits and pension expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources.

Property taxes are recorded in the year levied as receivables and deferred inflows. They are recognized as revenues in the succeeding year when services financed by the levy are being provided.

Intergovernmental aids and grants are recognized as revenues in the period the City is entitled to the resources and the amounts are available. Amounts owed to the City which are not available are recorded as receivables and deferred inflows. Amounts received prior to the entitlement period are recorded as unearned revenues.

Special assessments are recorded as revenues when they become measurable and available as current assets. Annual installments due in future years are reflected as receivables and deferred inflows.

Revenues susceptible to accrual include property taxes, miscellaneous taxes, public charges for services, special assessments, and interest. Other general revenues such as fines and forfeitures, inspection fees, recreation fees, and miscellaneous revenues are recognized when received in cash or when measurable and available under the criteria described above.

The City reports deferred inflows on its governmental funds balance sheet. Deferred inflows arise from taxes levied in the current year which are for subsequent year's operations. Deferred inflows also arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned revenues are recognized when resources are received before the City has a legal claim to them, as when grant monies are received prior to meeting all eligibility requirements. In subsequent periods, when both revenue recognition criteria are met, or when the City has a legal claim to the resources, the liability or deferred inflow is removed from the balance sheet and revenue is recognized.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Fund Financial Statements (Continued)

Proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as described previously in this note.

The proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. Nonoperating revenues are reported for grants and contributions that are received and intended for general operational purposes. Grants received that are restricted to capital purchases are reported as capital contributions.

All Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities, deferred inflows, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity

1. Deposits and Investments

For purposes of the statement of cash flows, the City considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents.

Investment of City funds is restricted by state statutes. Available investments are limited to:

- 1. Time deposits in any credit union, bank, savings bank, trust company, or savings and loan association authorized to transact business in the state.
- Bonds or securities of any county, city, drainage district, technical college district, village, town, or school district of the state. Also, bonds issued by a local exposition district, a local professional baseball park district, a local professional football stadium district, a local cultural arts district, the University of Wisconsin Hospitals and Clinics Authority, or by the Wisconsin Aerospace Authority.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity (Continued)

1. Deposits and Investments (Continued)

- 3. Bonds or securities issued or guaranteed by the federal government.
- 4. The local government investment pool.
- 5. Any security maturing in seven years or less and having the highest or second highest rating category of a nationally recognized rating agency.
- 6. Securities of an open-end management investment company or investment trust, subject to various conditions and investment options.
- 7. Repurchase agreements with public depositories, with certain conditions.

Investment of library trust funds is regulated by Chapter 112 of the Wisconsin Statutes, which gives broad authority to use such funds to acquire various kinds of investments including stocks, bonds, and debentures.

Investments, other than the Local Government Investment Pool, are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income. Investment income on commingled investments of municipal accounting funds is allocated to the General Fund and the TIF Fund based on average fund balance. The difference between the bank balance and carrying value is due to outstanding checks and/or deposits in transit.

The Wisconsin Local Government Investment Pool (LGIP) is part of the State Investment Fund (SIF), and is managed by the State of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission, but operates under the statutory authority of Wisconsin Chapter 25. The SIF reports the fair value of its underlying assets annually. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. At December 31, 2024, the fair value of the City's share of the LGIP's assets was substantially equal to the amount as reported in these statements.

2. Receivables

Property taxes are levied in December on the assessed value as of the prior January 1. In addition to property taxes for the City, taxes are collected for and remitted to the state and county governments as well as the local school district and technical college district. Taxes for all state and local governmental units billed in the current year for the succeeding year are reflected as receivables and due to other taxing units in the accompanying custodial fund statement of net position.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity (Continued)

2. Receivables (Continued)

Property taxes are levied in December on the assessed value as of the prior January 1. In addition to property taxes for the City, taxes are collected for and remitted to the state and county governments as well as the local school district and technical college district. Taxes for all state and local governmental units billed in the current year for the succeeding year are reflected as receivables and due to other taxing units in the accompanying custodial fund statement of net position.

Property tax calendar – 2024 tax roll:

Lien date and levy date	December 2024
Tax bills mailed	December 2024
Payment in full, or	January 31, 2025
First installment due	January 31, 2025
Second installment due	March 31, 2025
Third installment due	May 31, 2025
Personal property taxes in full	January 31, 2025

Tax deed – 2024 delinquent real estate taxes October 2027

Accounts receivable have been shown net of an allowance for doubtful accounts. Delinquent real estate taxes as of July 31, are paid in full by the County, which assumes the collection thereof. No provision for uncollectible accounts receivable has been made in the accompanying enterprise fund financial statements because the utilities have the right by law to place delinquent bills on the tax roll.

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "due to and from other funds." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

In the general fund, advances to other funds are classified as nonspendable fund balance to demonstrate that a portion of fund balance is not available for appropriation.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity (Continued)

3. Lease Receivable

The City is a lessor to an outside party for the right to use certain assets. Under the lease agreements, the City recognizes a lease receivable and deferred inflow of resources based on the criteria dictated by GASB Statement No. 87, Leases. The City measurers the lease receivable at the present value of payments expected to be received during the lease term. During the lease term, the lease receivable is reduced by the principal portion of the lease payments received.

Deferred inflows of resources related to leases are initially measured as the amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Lease revenue is recognized on a straight-line basis over the term of the lease.

4. Prepaid Items

Governmental fund prepaid supplies are charged to expenditure accounts when purchased. Year-end inventory was not significant. Proprietary fund prepaid supplies are generally used for construction and for operation and maintenance work. They are not for resale. They are valued at cost based on weighted average, and charged to construction or operation and maintenance expense when used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items are reported on the purchases method in the governmental funds.

5. Restricted Assets

Mandatory segregations of assets are presented as restricted assets. Such segregations are required by bond agreements and other external parties. Current liabilities payable from these restricted assets are so classified. Restricted net position represents cash and investments restricted for debt service and amount restricted for Pension obligations.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity (Continued)

6. Capital Assets

Government-Wide Statements

In the government-wide financial statements, capital assets are defined by the government as assets with an initial cost of more than \$5,000 for general capital assets and \$10,000 for infrastructure assets, and an estimated useful life in excess of two years. Capital assets are valued at historical cost, less accumulated depreciation. Donated capital assets, donated works of art and similar items are reported at acquisition value. The costs of maintenance and repairs are charged to operations as incurred.

Additions to and replacements of capital assets of business-type activities are recorded at original cost, which includes material, labor, and overhead. The cost of renewals and betterments relating to retirement units is added to capital assets. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are valued at their acquisition value. The cost of property replaced, retired, or otherwise disposed of, is deducted from capital assets and, generally, together with removal costs less salvage, is charged to accumulated depreciation.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings	20 to 40 Years
Land Improvements Other than Buildings	20 to 30 Years
Machinery and Equipment	2 to 23 Years
Utility System (Improvements Other than Buildings)	18 to 77 Years
Infrastructure	15 to 40 Years

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same way as in the government-wide statements.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity (Continued)

7. Pensions

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense (benefit), information about the fiduciary net position of the Wisconsin Retirement System (WRS) and additions to/deductions from WRS' fiduciary net position have been determined on the basis as they are reported by WRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

8. Other Postemployment Benefits (OPEB) Retiree Health Insurance

The City will pay a portion of health insurance premiums for employees retiring under certain conditions until the employee reaches age 65. Eligibility and benefit provisions are based on contractual agreements with employee union contracts or employee benefit policies.

The City funds these benefits on a pay-as-you-go basis and funding is expected to come primarily from the City's General Fund. The City has obtained an actuarial evaluation to determine the cost of these benefits. The net OPEB liability (asset), deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense are reported on the government-wide financial statements as a governmental activities liability and on the fund financial statements as an internal service fund liability.

9. Compensated Absences

The liability for compensated absences reported in the government-wide and proprietary fund statements consists of leave that has not been used that is attributable to services already rendered, accumulates and is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. The liability also includes amounts for leave that has been used for time off but has not yet been paid in cash or settled through noncash means and certain other types of leave.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity (Continued)

10. Long-Term Obligations/Conduit Debt

All long-term obligations to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term obligations consist primarily of notes and bonds payable and accrued compensated absences.

Long-term obligations for governmental funds are not reported as liabilities in the fund financial statements. The face value of debts is reported as other financing sources and payments of principal, interest, and debt issuance costs are reported as expenditures. The accounting in proprietary funds is the same as it is in the government-wide statements.

The City has approved the issuance of industrial revenue bonds (IRB) for the benefit of private business enterprises. IRB's are secured by mortgages or revenue agreements on the associated projects, and do not constitute indebtedness of the City. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. The total amount of IRB's outstanding at the end of the year is approximately \$3.9 million, made up of one issue.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity (Continued)

11. Claims and Judgments

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. Claims and judgments that would normally be liquidated with expendable available financial resources are recorded during the year as expenditures in the governmental funds. If they are not to be liquidated with expendable available financial resources, no liability is recognized in the governmental fund statements. The related expenditure is recognized when the liability is liquidated. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred. There were no significant claims or judgments at year-end.

12. Net Position and Fund Balance Classifications

Government-Wide Statements

Net position is classified in three components:

- a. The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. The restricted component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Generally, a liability or deferred inflow relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability or deferred inflows or if the liability will be liquidated with the restricted assets reported.
- c. The unrestricted component of net position is the amount of the assets and deferred outflows, net of the liabilities and deferred inflows that are not included in the determination of net investment in capital assets or the restricted components of net position.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

12. Net Position and Fund Balance Classifications (Continued)

Fund Statements

In the governmental fund financial statements, governmental funds report nonspendable fund balance for amounts that cannot be spent because they are either:

- a. not in spendable form; or
- b. legally or contractually required to be maintained intact.

Restricted fund balance is reported when constraints placed on the use of resources are either:

- a. externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or
- b. imposed by law through constitutional provisions or enabling legislation.
- c. Committed fund balance is reported for amounts that can only be used for specific purposes pursuant to constraints imposed by adopted resolution of the Common Council.
- d. Assigned fund balance is reported for amounts that are constrained by the City management's intent to be used for specific purposes, but is neither restricted nor committed. Assignments are made by the City's Finance Director.
- e. Unassigned fund balance is the residual classification for the General Fund or deficit balances in other funds.
- f. When restricted, committed, assigned and unassigned resources are available for use for the same purposes it is the City's policy to use the restricted resources first, then committed, assigned, and unassigned resources as they are needed.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Other Policies - Tax Incremental Districts

- 1. In 2010, the City adopted the Resolution #10-73 creating "City of Wauwatosa Tax Incremental District No. 6" to encourage development of the city tax base, efficient use of land, buildings and public improvements, and private investment. The Tax Incremental District has been created in compliance with the Wisconsin Statutes. Project costs are estimated at \$12 million. The costs are to be paid by future debt issues and other available funds. Property taxes to be generated in future years, measured by the increment in value of the property in the District over the base year, are to be used to retire the interest and principal of the debt issue. The City has amended Tax Incremental District No. 6 through adoption of Resolutions #R-15-198 and #13-32.
- 2. In 2012, the City adopted the Resolution #12-211 creating "City of Wauwatosa Tax Incremental District No. 7" to encourage development of the city tax base, efficient use of land, buildings and public improvements, and private investment. The Tax Incremental District has been created in compliance with the Wisconsin Statutes. Project costs are estimated at \$10.8 million. The costs are to be paid by future debt issues and other available funds. Property taxes to be generated in future years, measured by the increment in value of the property in the District over the base year, are to be used to retire the interest and principal of the debt issue. The City has amended Tax Incremental District No. 7 through adoption of Resolution #R16-21.
- 3. In 2014, the City adopted the Resolution #14-63 creating "City of Wauwatosa Tax Incremental District #8" to encourage development of the city tax base, efficient use of land, buildings and public improvements and private investment. The Tax Incremental District has been created in compliance with the Wisconsin Statutes. Project costs are estimated at \$13.1 million. The costs are to be paid by futures debt issues and other available funds. Property taxes generated in future years, measured by the increment in value of the property in the District over the base year, are to be used to retire the interest and principal of the debt issue.
- 4. In 2015, the City adopted the Resolution #15-84 creating "City of Wauwatosa Tax Incremental District #9" to promote development and redevelopment within the City. The Tax Incremental District has been created in compliance with the Wisconsin Statutes. Project costs are estimated at \$2.87 million. The costs are to be paid by the developer. Property taxes to be generated in future years, measured by the increment in value of the property in the District over the base year, are to reimburse the developer for the costs incurred in accordance with the project plan.
- 5. In 2015, the City adopted the Resolution #15-145 creating "City of Wauwatosa Tax Incremental District #10" to promote development and redevelopment within the City. The Tax Incremental District has been created in compliance with the Wisconsin Statutes. Project costs are estimated at \$4.9 million. The costs are to be paid by the developer. Property taxes to be generated in future years, measured by the increment in value of the property in the District over the base year, are to reimburse the developer for the costs incurred in accordance with the project plan.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Other Policies – Tax Incremental Districts (Continued)

- 6. In 2015, the City adopted the Resolution #15-217 creating "City of Wauwatosa Tax Incremental District #11" to promote development and redevelopment within the City. The Tax Incremental District has been created in compliance with the Wisconsin Statutes. Project costs are estimated at \$14.79 million. The costs are to be paid by future debt issues and other available funds. Property taxes generated in future years, measured by the increment in value of the property in the District over the base year, are to be used to retire the interest and principal of the debt issue.
- 7. In 2018, the City adopted the Resolution #18-15 creating "City of Wauwatosa Tax Incremental District #12" to promote development and redevelopment within the City. The Tax Incremental District has been created in compliance with Wisconsin Statutes. Project costs are estimated at \$19.6 million. The costs are to be paid by the future debt issues and other available funds. Property taxes generated in future years, measured by the increment in value of the property in the District over the base year, are to be used to retire interest and principal of the debt issue.
- 8. In 2020, the City adopted the Resolution #20-114 creating "City of Wauwatosa Tax Incremental District #13" to promote development and redevelopment within the City. The Tax Incremental District has been created in compliance with Wisconsin Statutes. Project costs are estimated at \$10.2 million. The costs are to be paid by the future debt issues and other available funds. Property taxes generated in future years, measured by the increment in value of the property in the District over the base year, are to be used to retire interest and principal of the debt issue.
- 9. In 2022, the City adopted the Resolution #22-172 creating "City of Wauwatosa Tax Incremental District #14" to promote development and redevelopment within the City. The Tax Incremental District has been created in compliance with Wisconsin Statutes. Project costs are estimated at \$8.5 million. The costs are to be paid by the future debt issues and other available funds. Property taxes generated in future years, measured by the increment in value of the property in the District over the base year, are to be used to retire interest and principal of the debt issue.
- 10. In 2023, the City adopted the Resolution #23-180 creating "City of Wauwatosa Tax Incremental District #15" to promote development and redevelopment within the City. The Tax Incremental District has been created in compliance with Wisconsin Statutes. Project costs are estimated at \$57.9 million. The costs are to be paid by the future debt issues and other available funds. Property taxes generated in future years, measured by the increment in value of the property in the District over the base year, are to be used to retire interest and principal of the debt issue.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Other Policies – New Accounting Pronouncements

The Following Government Accounting Standards Board (GASB) Statements have been implemented in the current year:

1. GASB Statement No. 100, Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62

In June 2022, the GASB issued GASB Statement No. 100, Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62. This Statement defines accounting changes, prescribes the accounting and financial reporting for each type of accounting changes, and error corrections, required disclosures in notes to the financial statements of descriptive information about accounting changes and error corrections.

The City adopted the requirements of the guidance effective January 1, 2024 and has applied the provisions of this standard to the beginning of the period of adoption.

2. GASB Statement No. 101, Compensated Absences

In June 2022, the GASB issued GASB Statement No. 101, *Compensated Absences*. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means.

The City adopted the requirements of the guidance effective January 1, 2024 and has applied the provisions of this standard to the beginning of the period of adoption. The implementation of this standard resulted in restatements of beginning net position and fund balances, as follows:

	G	overnment-Wi	ent-Wide Net Position Fund Balance				Fund Balance			
	Go	overnmental Activities	В	usiness-Type Activities	Water Fund	Fleet Maintenance	Information Systems	Municipal Building Complex		
December 31, 2023, as previously reported	\$	73,618,192	\$	157,794,873	\$ 45,940,829	\$ 4,375,802	\$ 1,795,889	\$ 555,781

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Other Policies – New Accounting Pronouncements (Continued)

The GASB has adopted the following standards to be adopted in future financial statements of the City:

- 1. Statement No. 100 Accounting Changes and Error Corrections an amendment of GASB Statement No. 62 will be adopted as part of the City's financial statements as of December 31, 2024.
- 2. Statement No. 101 *Compensated Absences* will be adopted as part of the City's financial statements as of December 31, 2024.

NOTE 2 RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

<u>Explanation of Certain Differences between the Governmental Fund Balance Sheet</u> and the Statement of Net Position

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period, and accordingly, are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities, both current and long-term, are reported in the statement of net position.

Bonds and Notes Payable	\$ 113,786,680
Bond Premium	2,380,303
Compensated Absences	11,428,451
Subscription Liability	79,564
Accrued Interest Payable	325,549
Deferred Amount on Refunding	-
Landfill Postclosure Liability	73,781
Combined Adjustment for Long-Term Liabilities	\$ 128,074,328

NOTE 3 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Information

Budgetary information is derived from the annual operating budget and is presented using the same basis of accounting for each fund as described in Note 1. A budget has been adopted for the General Fund and all Special Revenue Funds, except the Redevelopment Reserve in accordance with Wisconsin Statute Section 65.90. The capital projects fund adopts a five-year capital improvement plan annually.

The budgeted amounts presented include any amendments made. Management may authorize transfers of budgeted amounts within departments. Certain transfers between departments and changes to the overall budget must be approved by a two-thirds council action. Appropriations lapse at year-end unless specifically carried over. Carryovers to the following year were \$884,542. Expenditures are monitored by management at the department level for all funds.

Deficit Fund Equity

As of December 31, 2024, the following individual funds had deficit fund equity:

Nonmajor Governmental Funds:

Special Revenue Funds:

Special Assessments \$ 1
Community Development Block Grant \$ 6,889

Internal Service Funds:

Employee Health Insurance Fund \$ 24,909,475

The governmental fund deficits are anticipated to be funded with charges for services, future contributions, general tax revenue, or long-term borrowing.

The Employee Health Insurance Fund deficit is the result of the long-term OPEB liability as described in Notes 5.B and 5.C. The City pays the related health and dental claims of retirees in the year they are billed. The City plans to continue pursuing efforts to manage this liability, including active management of the plan, continued negotiations through the collective bargaining process, and other cost management strategies.

NOTE 4 DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

The City's cash and investments at year-end were comprised of the following:

	Carrying Value	Bank Balance
Petty Cash	\$ 15,475	\$ -
Deposits:		
Demand Deposits	34,507,526	36,793,232
Certificates of Deposit	12,000,886	12,000,887
Total Deposits	46,508,412	48,794,119
Investments:		
U.S. Agency Securities	41,545,270	41,545,270
Commercial Paper	5,984,975	5,984,975
Bankers Acceptances	989,112	989,112
Municipal Securities	26,498,665	26,498,665
Investment Pools:		
WISC - Investment Class Fund	733,599	733,599
WISC - Limited Term Duration Fund	8,261,777	8,262,045
Local Government Investment Pool (LGIP)	77,374,101	77,374,101
Total Investments	161,387,499	161,387,767
Total Cash and Investments	\$ 207,911,386	\$ 210,181,886
Reconciliation to the Statement of Net Position:		
Unrestricted Cash and Investments	\$ 145,857,395	
Restricted Cash and Investments	1,731,602	
Designated Cash and Investments	7,247,180	
Fiduciary Funds:		
Private Purpose Trust Funds	712,555	
Custodial Funds	52,362,654	
Total Cash and Investments	\$ 207,911,386	

Deposits in each local and area bank are insured by the FDIC in the amount of \$250,000 for time and savings accounts and \$250,000 for demand deposit accounts.

Any losses caused by failure of public depositories are also covered by the State Deposit Guarantee Fund. The fund provides coverage of \$400,000 in each financial institution above the applicable insurance coverage provided by the FDIC. However, although the fund had reserves available at December 31, 2024, the future availability of resources to cover the losses cannot be projected because provisions of the 1985 Wisconsin Act 25 provided that the amount in the fund will be used to repay public depositors for losses until the appropriation is exhausted, at which time the fund is abolished. This coverage has not been considered in computing custodial credit risk. Certificates of deposit held in the LGIP are covered by FDIC insurance, which applies to the proportionate public unit share of accounts.

NOTE 4 DETAILED NOTES ON ALL FUNDS (CONTINUED)

A. Deposits and Investments (Continued)

The Securities Investor Protection Corporation (SIPC), created by the Securities Investor Protection Act of 1970, is an independent government-sponsored corporation (not an agency of the U.S. government). Wells Fargo, Bank of Oklahoma, and BMO Harris Bank's SIPC membership provides account protection up to a maximum of \$500,000 per customer, of which \$250,000 may be in cash. Additionally, Wells Fargo, through Lexington Insurance Company, has additional securities coverage of \$1 billion per customer, subject to a \$1 billion aggregate limit and \$1.9 million limit on cash.

The City also maintains collateral agreements with certain depository banks to cover uninsured balances.

Custodial Credit Risk

Deposits – Custodial risk is the risk that in the event of a financial institution failure, the City's deposits may not be returned to the City. The City's investment policy does not address custodial credit risk for deposits.

As of December 31, 2024, \$12,944,395 of the City's bank balance of \$48,794,119 was exposed to custodial credit risk as uninsured and uncollateralized.

Investments – For an investment, custodial credit risk is the risk that, in the event of the failure of the counter party, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The City investment policy does not address custodial credit risk for investments.

As of December 31, 2024, \$82,513,666 of the City's investment balance of \$161,387,767 was exposed to custodial credit risk as uninsured and uncollateralized.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City's investment policy does not address credit risk for investments.

Wisconsin Statutes limit investments in commercial paper and corporate bonds to securities which bear a rating in the top two rating categories issued by recognized statistical rating organizations. As of December 31, 2024, the City is exposed to credit risk with investments in the following:

NOTE 4 DETAILED NOTES ON ALL FUNDS (CONTINUED)

Total Fair Value of Investments Subject		
to Credit Risk	\$ 161,387,499	

Concentration of Credit Risk

As of December 31, 2024, the City's investment portfolio did not hold investments from individual issuers which comprised over 5% of their investment balances.

Fair Value Measurement

The City uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures.

NOTE 4 DETAILED NOTES ON ALL FUNDS (CONTINUED)

A. Deposits and Investments (Continued)

Fair Value Measurement (Continued)

The City follows an accounting standard that defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value, and requires expanded disclosures about fair value measurements. In accordance with this standard, the City has categorized its investments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Financial assets and liabilities recorded on the combined statements of financial position are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Financial assets and liabilities are valued using inputs that are unadjusted quoted prices in active markets accessible at the measurement date of identical financial assets and liabilities.

Level 2 – Financial assets and liabilities are valued based on quoted prices for similar assets, or inputs that are observable, either directly or indirectly for substantially the full term through corroboration with observable market data.

Level 3 – Financial assets and liabilities are valued using pricing inputs which are unobservable for the asset, inputs that reflect the reporting entity's own assumptions about the assumptions market participants and would use in pricing the asset.

The City has the following assets that are subject to fair value measurements as of:

	Fair Value	Level 1	Level 2	Level 3
U.S. Agency Securities	\$ 41,545,270	\$ -	\$ 41,545,270	\$ -
Municipal Securities	26,498,665	-	26,498,665	-
WISC - Investment Class Fund	733,599	-	733,599	-
WISC - Limited Term Duration Fund	8,261,777	-	8,261,777	-
Bankers Acceptances	989,112	-	989,112	-
Commercial Paper	5,984,975	-	5,984,975	-
Total Fair Value of				
Investments	\$ 84,013,398	\$ -	\$ 84,013,398	\$ -

B. Receivables

Receivables as of year-end for the government's individual major funds and nonmajor and fiduciary funds detailed according to source are displayed on the face of the fund financial statements. As of December 31, 2024, an allowance for uncollectible accounts has been established for ambulance billings of \$2,056,211.

NOTE 4 DETAILED NOTES ON ALL FUNDS (CONTINUED)

B. Receivables (Continued)

On December 20, 2016, the City entered into a promissory note agreement with the Milwaukee Area Domestic Animal Control Commission (MADACC) to refinance \$1,925,000 of the promissory note executed July 1, 2015. The note has stated annual interest rate ranging from 3.0% – 4.0%. Principal and interest are to be repaid through December 1, 2031. As of December 31, 2024, the outstanding principal on the note is \$1,225,000.

C. Deferred Inflows

Governmental funds report deferred inflows in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Property taxes receivable for the subsequent year are not earned and cannot be used to liquidate liabilities of the current period. Governmental funds also report unearned revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred inflows reported in the governmental funds were as follows:

	Tax Levy /				
	Ur	navailable	Leases	Total	
Property Taxes Receivable	\$	-	\$ 63,567,577	\$ 63,567,577	
Special Assessments		564,900	-	564,900

F. Interfund Receivables/Payables and Transfers

The following is a schedule of interfund receivables and payables including any overdrafts on pooled cash and investment accounts:

Receivable Fund	Payable Fund	Amount
Governmental Funds:		
General Fund	Water Utility	\$ 958,389
General Fund	Nonmajor governmental funds	469,843
		 1,428,232
Proprietary Funds:		
Sanitary Sewer	General Fund	395,460
Storm Water Management	General Fund	187,299
Water Utility	General Fund	474,573
		1,057,332
Total Interfund Receivables		\$ 2,485,564

The principal purpose of these interfund balances result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

The General Fund advanced \$2,000,000 to the Special Revenue Fund – Tax Incremental Fund. The General Fund advanced \$2,000,000 to the Special Revenue Fund – Tax Incremental District No. 7 in 2015. This advance earns interest at 5.25%. The advance was issued to provide long-term financing. The remaining outstanding balance as of December 31, 2024, was \$944,211.

The Redevelopment Reserve Fund advance \$300,000 to the Special Revenue Fund – Tax Incremental District No. 7 in 2020. The advance was issued to provide long-term financing. The remaining outstanding balance as of December 31, 2024, was \$300,000.

NOTE 4 DETAILED NOTES ON ALL FUNDS (CONTINUED)

F. Interfund Receivables/Payables and Transfers (Continued)

Generally, transfers are used to (1) move revenue from the funds that collect them to the fund that the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the Debt Service Fund and (3) use unrestricted revenue collected in the General Fund to finance various program accounted for in other funds in accordance with budgetary authorizations (4) transfer assets purchased in one fund that relate to other funds.

G. Long-Term Obligations

Municipal Revenue Obligation

On July 30, 2015, the City entered into a developer agreement including a municipal revenue obligation payable to the Developer to reimburse actual costs expended by the Developer relating to approved TIF No. 6 project costs, as described in the project plan. The Developer completed eligible costs in 2015 of \$4,500,000 and became eligible for repayment beginning in 2016. The municipal revenue obligation is not a general obligation of the City, and is payable solely from the revenues and income derived by the tax increment of TIF No. 6. The outstanding balance as of December 31, 2024, was \$1,115,554.

Governmental Activities Debt (Continued)

Municipal Revenue Obligation (Continued)

On December 15, 2015, the City entered into a developer agreement including a municipal revenue obligation payable to the Developer to reimburse actual costs expended by the Developer relating to approved TIF No. 9 project costs, as described in the project plan. The Developer completed eligible costs in 2015 of \$1,994,000 and became eligible for repayment beginning in 2017. The municipal revenue obligation is not a general obligation of the City, and is payable solely from the revenues and income derived by the tax increment of TIF No. 9. The outstanding balance as of December 31, 2024, was \$886,733.

On January 20, 2015, the City entered into a developer agreement including a municipal revenue obligation payable to the Developer to reimburse actual costs expended by the Developer relating to approved TIF No. 10 project costs, as described in the project plan. The Developer completed eligible costs in 2015 of \$4,500,000 and became eligible for repayment beginning in 2017. The municipal revenue obligation is not a general obligation of the City, and is payable solely from the revenues and income derived by the tax increment of TIF No. 10. The outstanding balance as of December 31, 2024, was \$182,495.

On December 18, 2015, the City entered into a developer agreement including a municipal revenue obligation payable to the Developer to reimburse actual costs expended by the Developer relating to approved TIF No. 11 project costs, as described in the project plan. The Developer completed eligible costs in 2015 of \$3,926,500 and became eligible for repayment beginning in 2017. The municipal revenue obligation is not a general obligation of the City, and is payable solely from the revenues and income derived by the tax increment of TIF No. 11. The outstanding balance as of December 31, 2024, was \$2,013,553.

On September 27, 2016, the City entered into a developer agreement including a municipal revenue obligation payable to the Developer to reimburse actual costs expended by the Developer relating to approved TIF No. 11 project costs, as described in the project plan. The Developer completed eligible costs in 2016 of \$1,438,269 and became eligible for repayment beginning in 2019. The municipal revenue obligation is not a general obligation of the City, and is payable solely from the revenues and income derived by the tax increment of TIF No. 11. The outstanding balance as of December 31, 2024, was \$809,023.

NOTE 4 DETAILED NOTES ON ALL FUNDS (CONTINUED)

G. Long-Term Obligations (Continued)

Governmental Activities Debt (Continued)

Municipal Revenue Obligation (Continued)

During 2017, the City entered into a developer agreement including a municipal revenue obligation payable to the Developer to reimburse actual costs expended by the Developer relating to approved TIF No. 7 project costs, as described in the project plan. The Developer completed eligible costs in 2017 of \$6,979,218 and became eligible for repayment beginning in 2019. The municipal revenue obligation is not a general obligation of the City, and is payable solely from the revenues and income derived by the tax increment of TIF No. 17. The outstanding balance as of December 31, 2024, was \$4,098,321.

During 2018, the City entered into a developer agreement including a municipal revenue obligation payable to the Developer to reimburse actual costs expended by the Developer relating to approved TIF No. 12 project costs, as described in the project plan. The Developer completed eligible costs in 2018 of \$13,843,674 and became eligible for repayment beginning in 2021. The municipal revenue obligation is not a general obligation of the City, and is payable solely from the revenues and income derived by the tax increment of TIF No. 12. The outstanding balance as of December 31, 2024, was \$12,078,423.

During 2020, the City entered into a developer agreement including a municipal revenue obligation payable to the Developer to reimburse actual costs expended by the Developer relating to approved TIF No. 8 project costs, as described in the project plan. The Developer completed eligible costs in 2020 of \$1,646,814 and became eligible for repayment beginning in 2021. The municipal revenue obligation is not a general obligation of the City, and is payable solely from the revenues and income derived by the tax increment of TIF No. 8. The outstanding balance as of December 31, 2024, was \$1,274,702.

During 2021, the City entered into a developer agreement including a municipal revenue obligation payable to the Developer to reimburse actual costs expended by the Developer relating to approved TIF No. 13 project costs, as described in the project plan. The Developer completed eligible costs in 2021 of \$1,998,589 and became eligible for repayment beginning in 2022. The municipal revenue obligation is not a general obligation of the City, and is payable solely from the revenues and income derived by the tax increment of TIF No. 13. The outstanding balance as of December 31, 2024, was \$1,770,338.

During 2022, the City entered into a developer agreement including a municipal revenue obligation payable to the Developer to reimburse actual costs expended by the Developer relating to approved TIF No. 8 project costs, as described in the project plan. The Developer completed eligible costs in 2022 of \$1,535,957 and became eligible for repayment beginning in 2023. The municipal revenue obligation is not a general obligation of the City and is payable solely from the revenues and income derived by the tax increment of TIF No. 8. The outstanding balance as of December 31, 2024, was \$1,483,474.

The Water Utility has \$7,795,000 in Waterworks System Revenue Bonds related to Water Utility capital projects outstanding at December 31, 2024. The bonds are not general obligations of the City of Wauwatosa and are payable from income and revenues derived from the operations of the system in accordance with the resolution adopted in conjunction with the issuance of the debt. The resolution creates a statutory mortgage lien upon the system and its revenues in accordance with Section 66 of Wisconsin Statutes. The Utility has established certain funds, as described in the resolution, to account for the allocation of the Utility's gross revenue and has deposited funds in compliance with the bond covenants. The Water system and the earnings of the system remain subject to the lien until payment in full of the principal and interest on the bonds. The revenues subject to the lien were \$11,981,073. Net revenue available for debt service was \$3,549,705, which represents a coverage ratio of 1.42 of debt service for the year ended December 31, 2024.

There are a number of limitations and restrictions contained in the bond indentures. The City believes it is in compliance with all significant limitations and restrictions.

NOTE 4 DETAILED NOTES ON ALL FUNDS (CONTINUED)

G. Long-Term Obligations (Continued)

<u>Annual Maturities of General Obligation Debt, Redevelopment Lease Revenue Bonds, and Water System Revenue Bonds</u>

Debt service requirements to maturity (exclusive of the municipal revenue obligation) are as follows:

	Govern	mental	Busine	ss-Type
	Long-Te	rm Debt	Long-Te	erm Debt
Year Ending December 31,	Principal	Interest	Principal	Interest
2025	\$ 9,500,000	\$ 3,001,856	\$ 6,400,000	\$ 1,678,224
2026	8,080,000	2,698,293	5,820,000	1,478,460
2027	6,925,000	2,407,609	5,565,000	1,304,289
2028	7,530,000	2,165,659	5,035,000	1,128,739
2029	7,670,000	1,918,670	4,335,000	969,721
2030-2034	32,095,000	5,554,981	16,670,000	2,949,409
2035-2039	14,005,000	1,335,076	5,125,000	1,087,325
2040-2044			2,825,000	299,602
Totals	\$85,805,000	\$19,082,144	\$51,775,000	\$10,895,769

All general obligation notes and bonds payable are backed by the full faith and credit of the City. Notes and bonds in the governmental funds will be retired by future property tax levies or tax increments accumulated by the debt service fund. Business-type activities debt is payable by revenues from user fees of those funds or, if the revenues are not sufficient, by future tax levies.

Margin of Indebtedness

In accordance with Wisconsin Statutes, total general obligation indebtedness of the City may not exceed 5% of the equalized value of taxable property within the City's jurisdiction. The debt limit as of December 31, 2024, was \$514,238,735. Total general obligation debt outstanding at year-end was \$137,580,000.

Landfill Postclosure Liability

State and federal laws and regulations require the City to place a final cover on its landfill site and to perform certain maintenance and monitoring functions at the site after closure. Future landfill maintenance and monitoring costs are estimated to be a total of \$73,781 over the next 20 years. The liability for landfill closure and postclosure care is an estimate subject to changes resulting from inflation, deflation, technology, or changes in applicable laws or regulations.

The City also maintains an amortization fund balance governed by Section 3.04 of the Wauwatosa Municipal Code, which provides that the balance may be used to pay principal and interest on the outstanding debt upon the direction of the City's Common Council. The ordinance further provides that the Board of Public Debt Commissioners may, with the approval of the Common Council, apply all or any part of the fund for any purpose for which municipal bonds may be legally issued. This balance is a portion of the General Fund unassigned fund balance.

NOTE 5 OTHER INFORMATION

A. Defined Benefit Pension Plan

General Information about the Plan

Plan Description

The Wisconsin Retirement System (WRS) is a cost-sharing, multiple-employer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible state of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011, and expected to work at least 1,200 hours a year (880 hours for teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS.

ETF issues a standalone Annual Comprehensive Financial Report (ACFR), which can be found at https://etf.wi.gov/about-etf/reports-and-studies/financial-reports-and-statements

Additionally, ETF issued a standalone Wisconsin Retirement System Financial Report, which can also be found using the link above.

<u>Vesting</u>

For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998, and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested.

Benefits Provided

Employees who retire at or after age 65 (54 for protective occupations and 62 for elected officials and executive service retirement plan participants, if hired on or before December 31, 2016) are entitled to a retirement benefit based on a formula factor, their final average earnings, and creditable service.

Final average earnings is the average of the participant's three highest annual earnings periods. Creditable service includes current service and prior service for which a participant received earnings and made contributions as required. Creditable service also includes creditable military service. The retirement benefit will be calculated as a money purchase benefit based on the employee's contributions plus matching employer's contributions, with interest, if that benefit is higher than the formula benefit.

NOTE 5 OTHER INFORMATION (CONTINUED)

A. Defined Benefit Pension Plan (Continued)

General Information about the Plan (Continued)

Benefits Provided (Continued)

Vested participants may retire at or after age 55 (50 for protective occupations) and receive an actuarially-reduced benefit. Participants terminating covered employment prior to eligibility for an annuity may either receive employee-required contributions plus interest as a separation benefit or leave contributions on deposit and defer application until eligible to receive a retirement benefit.

The WRS also provides death and disability benefits for employees.

Postretirement Adjustments

The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system's consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the floor) set at retirement. The Core and Variable annuity adjustments granted during recent years are as follows:

<u>Year</u>	Core Fund Adjustment	Variable Fund Adjustment
2014	4.7	25.0
2015	2.9	2.0
2016	0.5	(5.0)
2017	2.0	4.0
2018	2.4	17.0
2019	-	(10.0)
2020	1.7	21.0
2021	5.1	13.0
2022	7.4	15.0
2023	1.6	(21.0)

NOTE 5 OTHER INFORMATION (CONTINUED)

A. Defined Benefit Pension Plan (Continued)

General Information about the Plan (Continued)

Contributions

Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for general category employees, including teachers, and Executives and Elected Officials. Starting on January 1, 2016, the Executives and Elected Officials category was merged into the General Employee category. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

During the reporting period, the WRS recognized \$4,310,763 in contributions from the employer.

Contribution rates as of December 31, 2024, are:

Employee Category	Employee	Employer
General (Including Teachers, Executives,		
and Elected Officials)	6.80 %	6.80 %
Protective With Social Security	6.80	13.20
Protective Without Social Security	6.80	18.10

<u>Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

At December 31, 2024, the City reported a liability (asset) of \$4,734,657 for its proportional share of the net pension liability (asset). The net pension liability was measured as of December 31, 2023, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of December 31, 2022, rolled forward to December 31, 2023. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. The City's proportion of the net pension liability (asset) was based on the City's share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2023, the City's proportion was .31844486%, which was an increase of .00112838% from its proportion measured as of December 31, 2022.

For the year ended December 31, 2024, the City recognized pension expense (credit) of \$3,271,209. The City typically uses the General Fund to liquidate pension liabilities.

Actuarial assumptions – The total pension liability (asset) in the December 31, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date: December 31, 2022

Measurement Date of Net Pension Liability (Asset): December 31, 2023

Experience Study: January 1, 2018 - December 31, 2020

Published November 19, 2021

Actuarial Cost Method: Entry Age Normal

Asset Valuation Method: Fair Value Long-Term Expected Rate of Return: 6.8 % Discount Rate: 6.8 %

Salary Increases:

 Inflation
 3.0 %

 Seniority\Merit
 0.1% - 5.6%

Mortality: 2020 WRS Experience Mortality Table

Postretirement Adjustments:* 1.7 %

* No postretirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience, and other factors. 1.7% is the assumed annual adjustment based on the investment return assumption and the postretirement discount rate.

Actuarial assumptions are based upon an experience study conducted in 2021 that covered a three-year period from January 1, 2018 to December 31, 2020. The Total Pension Liability for December 31, 2023 is based upon a roll-forward of the liability calculated from the December 31, 2022 actuarial valuation.

NOTE 5 OTHER INFORMATION (CONTINUED)

A. Defined Benefit Pension Plan (Continued)

<u>Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)</u>

Long-term expected return on plan assets – The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

I --- -- T----

	Current Asset Allocation	Long-Term Expected Nominal Rate of Return	Long-Term Expected Real Rate of of Return
	Percent	Percent	Percent
Core Fund Asset Class:			
Global Equities	40.00 %	7.30 %	4.50 %
Fixed Income	27.00	5.80	3.00
Inflation Sensitive Assets	19.00	4.40	1.70
Real Estate	8.00	5.80	3.00
Private Equity/Debt	18.00	9.60	6.70
Leverage	(12.00)	3.70	1.00
Total Core Fund	100.00 %	7.40 %	4.60 %
Variable Fund Asset Class:			
U.S. Equities	70.00 %	6.80 %	4.00 %
International Equities	30.00	7.60	4.80
Total Variable Fund	100.00 %	7.30 %	4.50 %

Asset allocations are managed within established ranges; target percentages may differ from actual monthly allocations.

New England Pension Consultants Long Term US CPI (Inflation) Forecast: 2.7%

The investment policy used for the Core Fund involves reducing equity exposure by leveraging lower-volatility assets, such as fixed income securities. This results in an asset allocation beyond 100%. Currently, an asset allocation target of 12% policy leverage is used, subject to an allowable range of up to 20%.

NOTE 5 OTHER INFORMATION (CONTINUED)

A. Defined Benefit Pension Plan (Continued)

<u>Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)</u>

Single discount rate - A single discount rate of 6.8% was used to measure the Total Pension Liability for the current and prior year. The discount rate is based on the expected rate of return on pension plan investments of 6.80% and a municipal bond rate of 3.77% (Source: Fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-year Municipal GO AA Index" as of December 31, 2023. In describing this index, Fidelity notes that the Municipal Curves are constructed using option-adjusted analytics of a diverse population of over 10,000 tax-exempt securities.). Because of the unique structure of WRS, the 6.8% expected rate of return implies that a dividend of approximately 1.7% will always be paid. For purposes of the single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the municipal bond rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's proportionate share of the net pension liability (asset) to changes in the discount rate – The following presents the City's proportionate share of the net pension liability (asset) calculated using the discount rate of 6.80%, as well as what the City's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.80%) or 1-percentage-point higher (7.80%) than the current rate:

	1%		1%
	Decrease to	Current	Increase to
	Discount Rate	Discount Rate	Discount Rate
	(5.80%)	(6.80%)	(7.80%)
The City's Proportionate Share of the Net Pension Liability (Asset)	\$ 45,762,749	\$ 4,734,657	\$(23,974,434)

Pension plan fiduciary net position – Detailed information about the pension plan's fiduciary net position is available in separately issued financial statements available at https://etf.wi.gov/about-etf/reports-and-studies/financial-reports-and-statements

NOTE 5 OTHER INFORMATION (CONTINUED)

B. Risk Management

The City is exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets; errors and omissions; natural disasters, and worker's compensation. The City is self-insured for medical coverage for certain employees at December 31, 2024. The City purchases general and automobile liability insurance from the Cities and Villages Mutual Insurance Company. The City purchases commercial insurance for all other risks. There have been no significant reductions in insurance coverage for any risk of loss in the past year and settled claims have not exceeded the commercial coverage in any of the past three fiscal years.

Self-Insured General and Auto Liability

In 1988, the City invested \$1,184,453 for participation in the Wisconsin Municipal Insurance Commission (WMIC). The WMIC is an intergovernmental cooperative commission formed to facilitate the formation of the Cities and Villages Mutual Insurance Company (CVMIC). In 1987, the WMIC issued \$28.645 million of revenue bonds to provide for the capitalization of the CVMIC. The CVMIC is a separate and distinct entity independent of the WMIC and is owned by the participating cities and villages of the WMIC. The CVMIC was formed to provide liability insurance to Wisconsin municipalities as of January 1, 1988. The CVMIC has an A.M. Best rating of A-.

Management of each organization consists of a board of directors or officers comprised of representatives elected by each of three classes of participants based on population. The City does not exercise any control over the activities of the agencies beyond the election of the officers and board.

In prior years, the CVMIC paid dividends to the City based on a schedule designed to enable the City to partially or totally finance the City's debt service requirements on its related general obligation issue. As of December 31, 2007, the City's debt and the WMIC's debt were paid in full. The WMIC has no assets, liabilities, or financial activity for the year ended December 31, 2024. CVMIC continues to pay dividends that are used to pay the City's insurance premiums.

Complete financial statements for the CVMIC can be obtained from the CVMIC administrative office at 9898 W. Bluemound Road, Wauwatosa, WI 53226-4319.

There have been no significant reductions in insurance for any risk of loss in the past year and settled claims have not exceeded the commercial coverage in any of the past three fiscal years.

The CVMIC provides the City with \$5,000,000 of liability coverage for losses over its self-insured retention level of \$125,000 per occurrence with a \$500,000 aggregate stop loss. The City's annual cost is the sum of its annual premium, claims incurred and applicable to the self-insured retention, and other operating expenses. An annual premium is charged to cover expected claims and administrative costs. The claims component of the premium is determined by independent actuaries and allocated among participating municipalities based on payroll and loss history. The City and other participating cities and villages are subject to cover loss experiences, which exceed predictions through retrospective assessments.

B. Risk Management (Continued)

Self-Insured General and Auto Liability (Continued)

At December 31, 2024, the Risk Management General Liability Fund had net position of \$6,970,462 which includes the City's deposit in CVMIC of \$1,184,453.

Changes in the claim liability amounts for the years ended December 31, were as follows:

	2024	2023
Unpaid Claims - Beginning of Year	\$ 298,028	\$ 356,065
Current Year Claims and Changes in Estimates	(22,952)	182,571
Claim Payments Net of Recoveries	195,803	240,608
Unpaid Claims - End of Year	\$ 79,273	\$ 298,028

Self-Insured Medical Care Coverage Plan

The City maintains a self-insured medical care coverage, dental, and worker's compensation plan for its employees which are accounted for in an Internal Service Fund. The plan provides coverage up to a maximum of \$75,000 per contract and approximately \$7,900,000 for the aggregate of contracts. The City purchases commercial insurance for claims in excess of coverage provided by the fund. This fund also accounts for the City's other postemployment benefits.

All funds of the City participate in the plan. The City does not maintain a reserve for the coverage of catastrophic losses. The claims liability of \$1,300,618 reported in the employee insurance internal service funds at December 31, 2024, is based on the requirements of the Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated. Changes in the claims liability amount for the years ended December 31, 2024 and 2023 were as follows:

		Current Year		
		Claims and		
	Beginning	Changes in	Claim	Ending
	Balance	Estimates	Payments	Balance
2023	\$ 1,237,708	\$ 9,725,211	\$ 9,302,431	\$ 1,660,488
2024	1 660 488	7 645 244	8 005 114	1 300 618

NOTE 5 OTHER INFORMATION (CONTINUED)

B. Risk Management (Continued)

Self-Insured Medical Care Coverage Plan (Continued)

The net position (deficit) of the Employee Health Insurance Fund is reported as unrestricted and is comprised of the following components:

Employee Health Insurance	\$ 7,529,263
Other Postemployment Obligation	(39,361,560)
Other Postemployment Net Deferred Inflows	
and Outflows	6,922,822
Total	\$ (24,909,475)

C. Other Postemployment Benefits

The City provides other postemployment benefits (OPEB) to its retirees for health insurance.

Plan Description

The City provides a single-employer defined benefit healthcare plan administered by United Health Care. The City provides medical and life insurance benefits for substantially all retirees in accordance with terms set forth in labor contracts. The State of Wisconsin Administrative Code grants the authority to establish and amend the benefit terms and financing requirements to the City Common Council. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

Benefits Provided

The plan provides full health insurance coverage until age 65 to City employees hired prior to January 1, 2008, who reach normal retirement age as specified by the labor contracts. The plan provides up to 50% health coverage until age 65 to City employees hired after January 1, 2008, but before January 1, 2015, who reach normal retirement age and reach a specified number of years of service. Police and fire retirees hired after January 1, 2008, receive 50% of health coverage upon reaching age 50, and having 15 years of service. General and Department of Public Works employees receive health coverage based on their years of service such that retirees with 15, 20, 25, and 30 years of service receive annual health coverage premium contributions of 15, 30, 40, and 50%, respectively.

The plan does not issue stand-alone financial statements.

NOTE 5 OTHER INFORMATION (CONTINUED)

C. Other Postemployment Benefits (Continued)

Employees Covered by Benefit Terms

At December 31, 2024, the following employees were covered by the benefits terms:

Inactive Plan I	Members	or Benet	ficiaries	Currently	
Doggiuing Da	spofit Day	monto			

Receiving Benefit Payments	91
Active Plan Members	286
Total	377

Total OPEB Liability

The City's total OPEB liability of \$39,361,560 was measured as of December 31, 2024, and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the December 31, 2024, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Valuation Date: December 31, 2024
Measurement Date: December 31, 2023

Salary Increases: 3.6%
Inflation: 3.0%
Assumed Rate of Return on Plan Assets: 3.26%
Plan Participation of Future Retirees: 95.0%
Discount Rate: 3.26%

Healthcare Cost Trend Rates: 6.4% decreasing to 3.7%

The discount rate was based on the 20-year Bond Buyer GO Index.

Mortality rates were based on the following criteria:

Pre-Retirement

This assumption applies to death while in service. Rates are based on the 2020 WRS Experience Table for Active Employees as the base table and projected with mortality improvements using 100% of the fully generational MP-2021 projection scale from a base year of 2010.

NOTE 5 OTHER INFORMATION (CONTINUED)

C. Other Postemployment Benefits (Continued)

<u>Postretirement</u>

This assumption applies to death of participants after retirement. Rates are based on the 2020 WRS Experience Table for Healthy Retirees as the base table and projected with mortality improvements using 100% of the fully generational MP-2021 projection scale from a base year of 2010.

Post-Disability

This assumption applies to death after disablement. Rates are based on the 2020 WRS Experience Table for Disabled Retirees as the base table and projected with mortality improvements using 100% of the fully generational MP-2021 projection scale from a base year of 2010.

The actuarial assumptions used in the December 31, 2024, valuation were based on the results of an actuarial experience study for the period 2021 – 2023 for the Wisconsin Retirement System (WRS).

2029		245,950		
Thereafter		301,855		
Total	\$	4,219,581		

D. Leases

The City, acting as lessor, leases tower space, non-cancelable lease agreements. The lease expire at various dates through 2052. The City will receive annual installments ranging from \$410,000 to \$2.8 million for such leases. The City used the incremental borrowing rate as the interest rate for lease receivables.

NOTE 5 OTHER INFORMATION (CONTINUED)

D. Leases (continued)

During the year ended December 31, 2024, the City recognized \$344,941 and \$353,194 in lease revenue and interest revenue, respectively, pursuant to these contracts. As of December 31, 2024, the City's receivable for lease payments was \$5,722,021. Also, the City has a deferred inflow of resources associated with these leases that will be recognized as revenue over the lease term. As of December 31, 2024, the balance of the deferred inflows of resources was \$5,061,401. The future minimum lease receivables for these arrangements are as follows:

Leases Receivable							
Year Ended	Tota	als					
December 31,	Principal	Interest					
2025	34,217	255,590					
2026	48,633	253,966					
2027	64,269	251,688					
2028	81,206	248,699					
2029	99,529	244,942					
2030-2034	827,620	1,136,793					
2035-2039	1,552,218	886,106					
2040-2044	1,511,620	520,094					
2045-2049	1,502,709	220,095					
Totals	5,722,021	4,017,973					

E. Commitments and Contingencies

The City self-insures its general liability, medical, dental, and worker's compensation insurance up to specified limits. City's management and legal counsel do not anticipate any material losses from known occurrences.

The City participates in a number of state and federally assisted grant programs. These programs are subject to program compliance audits by grantors or their representatives. The audits of these programs for or including the year ended December 31, 2024, have not been conducted. Accordingly, the City's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

F. Tax Abatements

The City enters into property tax abatement agreements with developers under the provisions of Wisconsin Statutes 66.1105(3)(e) "Tax Increment Act." Under the provision, localities may grant property tax abatements of up to 50% of a business' property tax bill for the purpose of attracting or retaining businesses within their jurisdictions. The abatements may be granted to any business located within or promising to relocate to the City.

NOTE 5 OTHER INFORMATION (CONTINUED)

F. Tax Abatements (continued)

In 2015, the City provided a developer a loan as part of the Tax Incremental District No. 7 Mayfair Collection project. The loan was made by the General Fund and so long as the developer meets certain performance measures, the Tax Increment Fund repays the loan on behalf of the developer using property tax increments generated by the development. The original loan was \$2,000,000. In 2024, \$142,628 was repaid on this borrowing. The remaining balance outstanding as of December 31, 2024, is \$944,211. This amount is included in the General Fund as an advance to other funds.

NOTE 6 TAX INCREMENTAL DISTRICTS 6, 7, 8, 9, 10, 11, 12, AND 13

A. Plan Summaries

The City has ten active Tax Incremental Districts. Tax Incremental District No. 6 was created on October 4, 2010, was amended on August 4, 2015, and has a dissolution date of October 4, 2037. Tax Incremental District No. 7 was created on January 1, 2013, amended on January 2, 2016, and has a dissolution date of January 1, 2040. Tax Incremental District No. 8 was created on January 1, 2014, and has a dissolution date of January 1, 2041. Tax Incremental District No. 9 was created on April 4, 2015, and has a dissolution date of January 1, 2042. Tax Incremental District No. 10 was created on June 2, 2015, and has a dissolution date of January 1, 2042. Tax Incremental District No. 11 was created on September 1, 2015, and has a dissolution date of January 1, 2042. Tax Incremental District No. 12 was created on February 6, 2018, and has a dissolution date of January 1, 2045. Tax Incremental District No. 13 was created on September 15, 2020, and has a dissolution date of January 1, 2047. Tax Incremental District No. 14 was created on September 20, 2022, and has a dissolution date of January 1, 2049. Tax Incremental District No. 15 was created on September 19, 2023, and has a dissolution date of January 1, 2050.

B. Cash and Investments

The Tax Incremental Districts invest funds in accordance with the provisions of the Wisconsin Statutes Section 66.0603 and 67.11(2). The Tax Incremental Districts maintain common cash and investment accounts with the City of Wauwatosa. Disclosures related to cash and investments can be found in Note 4 of the financial statements.

C. Interfund Advances

The General fund advanced \$2,000,000 to the Special Revenue Fund – Tax Incremental District No. 7 in 2015. This advance earns interest at 5.25%. The advance was issued to provide long-term financing. The remaining outstanding balance as of December 31, 2024, was \$944,211.

The Redevelopment Reserve Fund advance \$300,000 to the Special Revenue Fund – Tax Incremental District No. 7 in 2020. The advance was issued to provide long-term financing. The remaining outstanding balance as of December 31, 2024, was \$300,000.

NOTE 6 TAX INCREMENTAL DISTRICTS 6, 7, 8, 9, 10, 11, 12, AND 13 (CONTINUED)

D. Long-Term Debt

Aggregate maturities of all long-term debt relating to Tax Incremental District No. 6 are as follows:

Calendar Year	Principal	Interest	Total
2025	\$ 650,000	# \$ 640,244	\$ 1,930,488

This schedule was prepared from data recorded in the following funds of the City:

Tax Incremental District Special Revenue Fund

Redevelopment Authority Lease Revenue Bond Capital Projects Fund

Debt Service Fund

General Obligation Debt Issue Capital Projects Fund

The data was consolidated for purposes of this schedule and, therefore, amounts shown will not directly correlate with the amounts shown in the financial statements.

STATISTICAL SECTION

This part of City of Wauwatosa, Wisconsin's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

FINANCIAL TRENDS - TABLES 1-4

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

REVENUE CAPACITY – TABLES 5-8

These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.

DEBT CAPACITY - TABLES 9-13

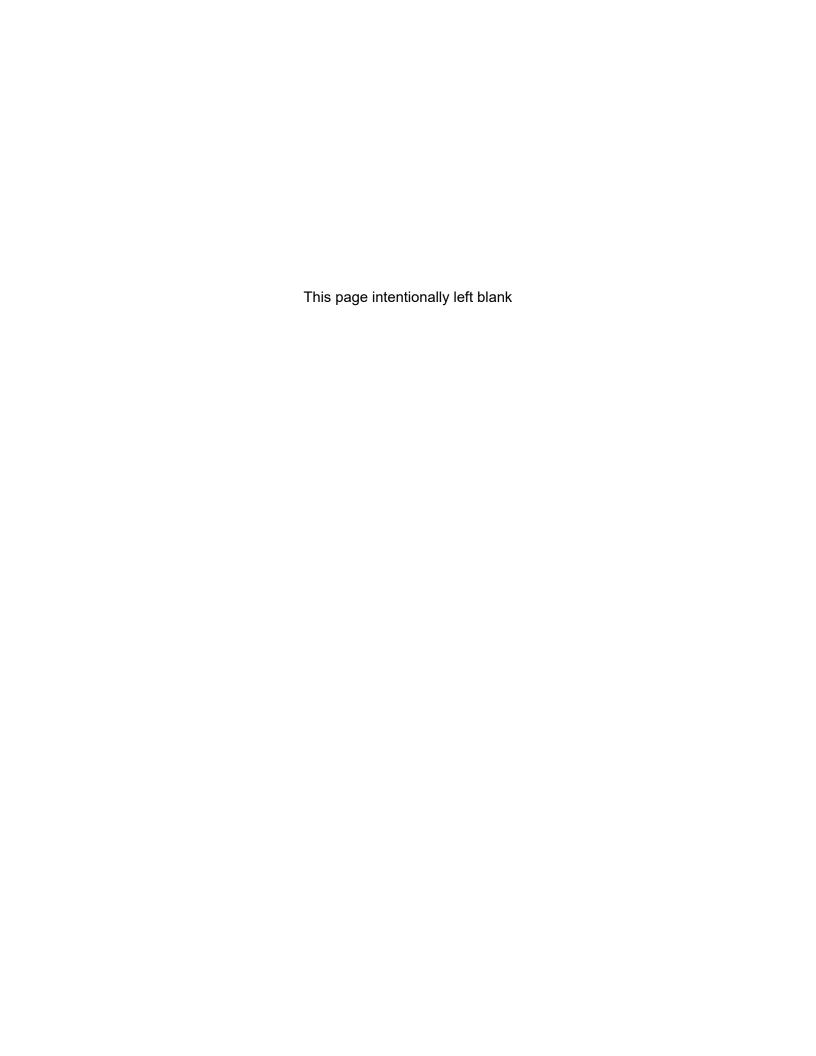

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt as well as the City's ability to issue additional debt in the future.

DEMOGRAPHIC AND ECONOMIC INFORMATION – TABLES 14-15

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

OPERATING INFORMATION - TABLES 16-18

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides.

City of Wauwatosa

Notes (1) In addition to property taxes for the municipality, the City collects and remits taxes for the state and county governments, as well as for the local school and technical college districts. Taxes are levied in December of each year based upon the assessed value as of January 1st of that year. These funds are budgeted as part of the subsequent year's budget. Real estate taxes can be paid in three installments due January 31st, March 31st, and May 31st. Personal property taxes are due by January 31st. Tax settlements to the other taxing authorities are made following each settlement date. All unpaid real estate taxes as of July 31st are turned over to the County Treasurer for collection. All personal property taxes are retained for collection by the City. The final settlement for real estate taxes is made by the county to each of the other taxing authorities for the balance of their tax levies; therefore, the only uncollected balance included above is for personal property.

Total Collection as 5/31 of

City of Wauwatosa

Traffic signals (intersections) (3)	-	41	41	41	41	41	41	41	41	41	
Traffic signals (3)	458										
Parks and Recreation											
Number of parks	6	6	6	6	6	6	6	5	5	5	
Acreage of parks	59.85	59.85	59.85	59.85	59.85	59.85	59.85	59.68	59.68	59.68	
Water Utility											
Miles of water main	208.50	206.85	207.45	203.86	203.84	203.75	204.04	203.85	203.53	203.37	
Number of hydrants	2225	2225	2228	2336	2236	2236	2236	2235	2197	2192	
Storage capacity (millions of gallons)	10.7	10.7	10.7	10.7	10.7	10.7	10.2	10.2	10.2	10.2	

Notes: (1) Miles do not include: US 45, US 18, Sth 100, Sth 181, Sth 190, or County Parkways and Roadways in Medical Complex

⁽²⁾ Field inventory completed in 2024 utilizing GIS

⁽³⁾ Easier and more accurate to report number of traffic signals instead of signalized intersections
