To the City of Wauwatosa, I would like to introduce ourselves. My name is Christina Le and my husband is Tuan Nguyen. I am a nurse and my husband is a CPA, both are crazy food lovers. We have two kids currently in college and a dog name Lexi. We have lived most of our life in Franklin, WI but was always in love with Wauwatosa, especially downtown Tosa. We would come down and spend if not all our summer hanging in downtown Tosa with friends and family meeting for dinner. We love the people and atmosphere here and we would like the opportunity to bring something new to a city we love. Tuan and I love to travel and try new things so when we came across this franchise, Mochi Ring, we fell in love instantly. This franchise not only delivers tasty food and drinks, it's also a beautiful art. This type of dessert and drink is something that will not only be new to Tosa, but also be the first in Wisconsin.
