

In as much detail as possible, please provide your premise description (reference AB-200 Part A question 19)

Please describe alcohol storage location: *

Alcohol is stored in a storage closet in our basement kitchen area and in two refrigerators. One refrigerator in our basement kitchen and one in our first floor main bar.

Where is alcohol sold & consumed? *

Alcohol is sold from our first floor main bar or basement kitchen. Alcohol can be consumed on all three floors of our building depending on where the event is taking place.

Where are invoices stored for alcohol purchases? *

All financial and invoice records are stored in a cloud based system, Quickbooks online. Permitting documents are saved in a cloud based server, Google Workspace..
