Thank you, Julie, for your email and our recent conversation. I am copying Ald. Wilke as you had intended in your original messages below (the email address had a misspelling).

Sincerely,  
Mike

I meant to say individuals are parking on the west side of the street which is not allowed.

Hi,

I have called several times regarding the lifting parking hours from 2 hours to unlimited. It is a mess during drop off and pick up. The students are walking on lawns as there is no room on the road. During the day if anyone has company or workers coming to their houses there is no where to park. Now individuals are parking on the east side, especially during pick up. I understand the reason is students having to walk a block to get their cars. Actually athletes after practice. Is it always about sports. There are lights up and down the street. I didn't know this is considered an unsafe neighborhood. Who thought about the individuals who live here and pay taxes. What is going to happen when there are snow banks? This was a ridiculous idea.

Sincerely

Julie Hagen - I live in between Center and Clark on 115th. The busiest street
