To the Wauwatosa Plan Commission,

My name is Rohan Khanna, and I'm writing because the idea of a Casa de Corazon in Wauwatosa genuinely means something to my family. I grew up outside the U.S., and my wife and I come from multilingual households. We've tried to keep that alive for our kids — different languages, different cultural perspectives — and it isn't always easy to find places that support that.

We looked at Casa in the past and loved the concept, but the commute just wasn't realistic for our daily routine. A location here would finally make that possible. For us, this isn't about convenience as much as having access to a program that aligns with how we're raising our family.

Thank you for considering it.  
Rohan Khanna
