Re: Presentation by representatives from OPN of conceptual design alternatives for the remodel, expansion, or reconstruction of Wauwatosa's Library and City Hall.

City staff and representatives from OPN Architects, and C. G. Schmidt presented conceptual design alternatives for the remodel, expansion, or reconstruction of Wauwatosa's Library and City Hall at the council's Committee of the Whole meeting on May 12, 2026.

Representatives from OPN Architects will attend the library board meeting to review the design alternatives with the board.

Department of Public Works Director David Simpson's memo from that meeting is attached.
