Subject: [External] Government Affairs Committee Meeting 4.15.2025 - Agenda Item 25-0585
Date: Tuesday, April 15, 2025 3:58:24 PM

Good Afternoon,

On behalf of Tosa Tonight, I am writing to respectfully request consideration of the proposed amendment to Wauwatosa's Municipal Code, which would expand the number of temporary beer and wine licenses available to nonprofits and businesses hosting festivals and community events—or identify an alternative solution that addresses the same concern.

This proposed change would directly benefit community-based organizations like Tosa Tonight by reducing current administrative hurdles and restrictions. Streamlining the licensing process would greatly improve our operations during our summer concert series.

We appreciate the consideration and attention to this matter which would have a meaningful and positive impact on the cultural and community programming we provide.

Thank you for your time and attention.

Sincerely,

Katja Wood
President
Tosa Tonight
