Valentines Day	09	10	11	12	13	14	15

Phases	Work Description	Length
Phase 1		
Blanchard St	Conduit work on Blanchard	2 weeks
Wauwatosa Ave & Blanchard St Intersection	Get the conduits across Wauwatosa Ave, access manhole, and open back up for traffic.	1 week
Phase 2 Wauwatosa Ave to State St	Head North on Wauwatosa Ave, starting north of MH72- 691 (near State St.) and returning at a later date to complete connection	2-3 weeks
Phase 3 Harwood/Wauwatosa Ave Intersection	Get conduits connected into manhole MH72-689 and head east to get out of intersection at Harwood and Wauwatosa	1 week
Phase 4 Harwood Ave	start at middle of intersection at Harwood and Wauwatosa and work our way N/E to pole riser. With that, the traffic control on Wauwatosa would only be needed 3 days, while Harwood is restricted.	2 weeks
	Conduit heading S/E on private property	2 weeks
