**CIRCUMSTANCES OF CLAIM**

In the space below briefly describe the circumstances of your claim. (Attach additional sheets, if necessary.) For auto damages, attach a copy of police report, if any, and a diagram of the accident scene indicating north, south, east or west corners if the accident occurred at an intersection. For bodily injury, indicate nature of injury, whether or not medical attention was given and the name of the treatment provider. Identify any witnesses to the incident/accident.

On Monday 1/13, the city did work on the water main on Wisconsin Ave in front of our house. The next day  
our basement started flooding over 2" of water from the shower drain. I called the water department and they  
came out and got another team to eventually stop the flooding from the street sewers. I talked to several  
workers and a supervisor on 1/14 and 1/15 and they said that the work done on 1/13 caused the main water  
line to collapse which led to a backup of water. This eventually flooded up to my sewer line causing over 2"  
of water to flood my basement.
