**Tom Ertel Commissioner**

**for Establishing a Restricted Fund from Muellner Building Rental Revenues**

**Purpose:** The purpose of this proposal is to establish a restricted fund that allocates revenues generated by the Muellner Building. This fund will be dedicated to [specific purpose, e.g., maintenance, programs, future capital improvements, or other initiatives].

**Background:** The Muellner Building serves as a key resource within our community, providing a space for events, activities, and other gatherings. Its revenue potential offers an opportunity to strategically invest in long-term sustainability and community enrichment. By establishing a restricted fund, we can ensure that a portion of the building's income is consistently reserved for important initiatives.
