Subject: [External] Yard waste pickup

Dear Mr Phillips and Ms Champine,

I'm writing as a Wauwatosa resident to voice my concern about the potential reduction or removal of curbside yard waste pickup.

Curbside pickup is one of those city services that truly supports everyday life and contributes to a well-maintained, livable community. I hope you'll consider the impact of this change and preserve the service for all residents.

Thank you for your service and for listening to community feedback.

Mr Braatz, can you please email meeting minutes?

Sincerely,
Ann and Dan Baker
2338 Pasadena, Tosa

Subject: [External] Yard waste elimination

Dear Members of the Community Affairs Committee,

I'm writing as a Wauwatosa resident to voice my concern about the potential reduction or removal of curbside yard waste pickup.

This service plays a vital role in keeping our yards and streets clean and manageable—especially for seniors, busy families, and those without access to vehicles that can haul yard debris. Eliminating it would create inconvenience, increase environmental risks, and likely lead to more yard waste being improperly disposed of.

Curbside pickup is one of those city services that truly supports everyday life and contributes to a well-maintained, livable community. I hope you'll consider the impact of this change and preserve the service for all residents.

Thank you for your service and for listening to community feedback.

Please include this email in the meeting packet.

Sincerely,

Claudio Mejia
Full time Wauwatosa resident and registered voter
