NOTES TO USERS

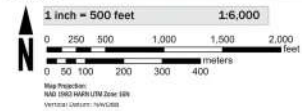

For information and questions about the Flood Insurance Rate Map (FIRM), available effective flood hazard information for your community, or the National Flood Insurance Program (NFIP) in general, please visit the FEMA Mapping and Insurance Information Change at <https://msc.fema.gov> or visit the FEMA Flood Map Service Center website at <https://www.fema.gov/flood-maps>. Available products may include preliminary hazard studies of Map Change, a Flood Insurance Study Report, and/or digital versions of this map. When a Flood Insurance Study Report is available, it should be used in conjunction with this map. When a Flood Insurance Study Report is not available, the Flood Insurance Study Report should be used in conjunction with this map. When a Flood Insurance Study Report is not available, the Flood Insurance Study Report should be used in conjunction with this map.

To determine flood insurance availability in this community, contact your insurance agent or call the National Flood Insurance Program at 1-800-638-8822.

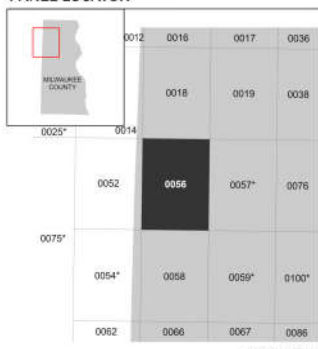

Some information shown on this FIRM was provided in digital format by the United States Geological Survey (USGS). The licensing information is the USGS National Map of Oceanography, Last released October 2022.

Note: Some Special Flood Hazard Areas with elevations may not appear with elevation labels if the Base Flood Elevation or Cross Section line which contradicts the elevation for the location appears on the adjacent panel. Please use the Panel Locator Diagram on this map panel to determine the adjacent panel and for the elevation features there, or alternatively use the Flood Insurance Study report for detailed elevations by flood source.
