Subject: [External] Parking on Elm Spring Ave.

Hi Ms. Saunderson,

I am a homeowner at 603 Elm Spring Ave. This email is in regards to the letter we received about restrictions being removed on the one-hour parking. It's my vote that we keep the restriction, but perhaps change it to two, three or four hours. I agree that it would be convenient for my visiting friends and family (or me!) to park in front of my house for a few hours. But I do worry that having no restriction will turn our street into another parking lot for Froedtert and the Medical College of WI.

Thank you for considering this,
Erika Stadter
