Subject: [External] Upcoming. Meeting

Lisa Maglio at 271 N 113th street I am highly concerned about attempts to change Alderpersons Joe representing district #3 well thought out and compromised proposal for height restrictions. I would appreciate hearing his and the concerns of neighbors near the C7 district which we have been told we have "been lucky" . It will not feel lucky to have a 28 or 50 story building in this neighborhood. I believe Mayfair and Watertown Plank Roads as well as Bluemound have been cited in the last Wauwatosa News as our most dangerous intersections with high accident volumes by our police department. Our city is known for many wonderful things including hearing our public opinion I respectfully would like to be heard in advance to have a responsible height restrictions in our neighborhood. Thank you in advance Lisa Maglio

Subject: [External] Height restriction ordinance

Hello,

We need to protect our neighborhoods, not developers. The amendments made by City staff, members of the Plan Commission, and the Mayor to Alder Makhoul's ordinance amendment placing appropriate height restrictions on buildings in the C-2 zoning district are unacceptable. We need height restrictions! In addition to the height issue, it is essential that you preserve the ability for the Common Council to review developments. Also, we need to take affordable housing seriously.

I support Alder Makhoul's proposed amendments that he will be reintroducing tomorrow evening at the Common Council meeting. Please support his amendments.

Sincerely,

Carol C. Hudson

Subject: [External] Building height limits

Dear Alder Phillips:

I write to express my opposition to any measure that would allow for the unlimited height of new development in the City of Wauwatosa. Unlimited vertical growth would detract from both the city's character and aesthetics, its "homey" feel. I prefer to live in the City of Homes, not the City of High-Rises.

I'm likewise opposed to unlimited density in any new development, and I believe that the Common Council must continue to provide oversight of any new development.

Thank you.

Sincerely,
Ms. Cory A. Masiak
