7. 24-0703 Consideration of construction of an off road multi-use path along 116th Street connecting Watertown Plank Road to Center Street	Nicole Adrian	I fully support any opportunity to bring more pedestrian and bike-friendly options to the west side. This specific opportunity would be a welcome enhancement to the neighborhood as it would help provide a safer option for kids who walk or bike to the west side schools.	Support	05-14-2024 08:25 am
