Dear Property Owner:

THIS IS NOT A BILL

We are planning to construct a street improvement in 2024 adjacent to property owned by you. Part of the cost of this work is proposed to be assessed against your property. The enclosed official legal notice, required by law, advises you that the preliminary plans for this work , along with estimated costs and estimated assessments against all property improved, are on file with the City Clerk and open for your review. **This letter is a notice, not a bill.**

In addition to the attached Public Notice is a list of questions frequently asked by property owners. We hope you will find this information of assistance to better understand the process and the proposed work to be done.

If you have further questions regarding these items, you are welcome to visit or call the office of the City Clerk, (414) 479-8917, or the Engineering Office, (414) 479-8927, on weekdays between 8:00 A.M. and 4:30P.M. In this way, we can discuss these items personally and as long as needed to answer your questions.

Sincerely,
William Wehrley
City Engineer
